India's Exports Growth at Record High of 37% in Dec

Outbound shipments at $37.29b in Dec; will cross $400-b mark in FY21 as exports in Apr-Dec crossed $300 b: Goyal

Our Bureau

New Delhi: India's goods exports in December surged 37% on-year to $37.29 billion, the highest-ever monthly figure, data released by the commerce and industry ministry showed on Monday. Commerce and industry minister Piyush Goyal said that India's merchandise exports will be above $400 billion this fiscal as outbound shipments during April-December crossed $300 billion, exceeding the exports of 2019-20. He also asserted that there is no extraordinary increase of imports from China.

India's goods exports rose 37.59% over $27.11 billion in December 2020.

"With $300 billion in the first nine months of 2021-22 we are on track to achieve our target...This growth is satisfying and we must aspire for more," Goyal said.

However, he said the third wave of Covid-19 is affecting developed countries especially the US, Europe and the Middle East, and problems related to shipping lines can be expected.

"We don't immediately see any major disruptions or in the supply chains because by and large the world has seen that the effects of this wave are relatively less harmful and the economy world has not instituted any more measures yet. We've also not seen instances of lockdowns being announced in any major country," Goyal said, adding that the only problem could be temporary if the shipping staff gets down with Covid in a big way and cause short term disruptions.

"Most cases are asymptomatic and recovering very quickly. Hopefully supply lines and supply activity will continue unabated," he said.

India declared $103 billion of exports in the October-December quarter, the highest ever till date.

India's merchandise export in April-December was $298.01 billion, an increase of 48.8% over $200.27 billion in the year ago period and an increase of 25.6% over $237.17 billion in April-December 2019.

Engineering goods, Petroleum products, gems and jewellery, chemicals, and yarn were among the key drivers of growth last month.

"Out of these, many of them were labour-intensive sectors contributing majorly to the exports basket, which itself is a good sign, further helping job creation in the country. Looking at the current trend, we are on course to achieving the $400 billion merchandise exports target for the fiscal," said Federation of Indian Export Organisations president A Sakthivel.

EEPC India Chairman Mahesh Desai said that markets in Europe and North America are witnessing a very high number of Covid-19 infections and that could negatively impact the order pipeline.

India's imports in December were $60.27 billion, a rise of 38.06% over last year, leaving a trade deficit of $23.98 billion, lower than the all-time high trade gap of $32.88 billion in November but lower than the $15.72 billion registered in December 2020.

'No Sharp Rise in Imports from China'

NEW DELHI: Commerce Goyal asserted that there was no extraordinary increase in imports from China. He said from FY04 to FY14, when the UPA was in power, imports from China had increased 1000% and there was a 24-time increase in trade deficit from $1.5 billion in FY04 to $36 billion in FY14.

Over 40 L Teens Take the Shot on Day One of New Vaccination Drive

Registration in 15-17 age group rose to over 50 lakh on Monday

Our Political Bureau

New Delhi: As India rolled out Covid-19 vaccination for the 15-17 years age group on Monday, over 40 lakh teenagers took the shot.

The first day of the rollout saw the registration in the age group climb upmanifold from 721,328 on Sunday night to over 5,021,790 on Monday night.

The Centre had allowed vaccination of teenagers both through registration on Co-WIN and on-site registration.

This saw many parents taking their children to the Covid vaccination centres and doing on-spot registration. By 2 pm on Monday, 1,482,392 teenagers had been vaccinated. The target is big as the ministry of health and family welfare statistics put the estimated eligible number in this age group at 7.4 crores.

The day was marred by complaints of parents that their vaccination appointment got cancelled. A parent, who did not wish to be identified said, "Our slot was for 1.30 pm. We got a call from the hospital at 3 pm that our appointment has been cancelled. Nowere informed that all vials are being reserved to the company and they will be sent back again after 11 a.m. tomorrow morning."

A school student getting vaccinated in Indore on Monday

This created confusion as parents complained that their children were being given expired vaccine.

Another parent took to social networking site Twitter saying, "When we went to the centre we realised that the vaccine had timed out. It expired in November. Then we were shown a letter which stated the shelf life had been extended."

India has allowed only Covaxin to be administered in the 15-17 age group.

The health ministry, however, denied this in any wrongdoing, in a written statement, the health ministry said. "There have been some media reports alleging that expired vaccines are being administered in India under its national Covid-19 vaccination programme. This is false and misleading and based on incomplete information."

The ministry said that the Central Drugs Standard Control Organisation (CDSCO) on October 25, 2021, in response to Bharat Biotech letter, had approved the extension of shelf life of Covaxin from 9 months to 12 months.

Similarly, the shelf life of Covishield has also been extended from 6 months to 9 months.

Experts Warn of a Third Wave as Cases, Hospitalisations Rise

Deaths have increased from average two weeks ago; polls could become a super spread event

Teena.Thacker@timesgroup.com

New Delhi: Public health experts say India is hurtling towards the third wave as parts of the country seize surge in the number of Covid-19 cases and hospitalisations seem to be beginning to inch up.

In the last one week, there has been an exponential increase in numbers and the data seems to indicate that a new phase of the pandemic has begun. Can we call it the beginning of a third wave?

"Of course," said Anurag Agrawal, chair, member of the WHO's technical advisory group on SARS-CoV-2 virus evolution. "We have both the necessary ingredients. A new variant Omicron escapes immunity and has a high probable of causing a new wave, and rising infections associated with increase in Omicron," he told ET.

Gautam Menon, professor of physics and biology at the Ashoka University, said the steep rise in cases seen in Delhi, Mumbai and Kolkata is comparable to that seen in South Africa and a number of countries in Europe from about a few weeks ago, which have been conclusively attributed to the Omicron variant.

"Cases from Delhi had shrunk to less than 10,000 daily across India and a resurgence of Delta cases is unmistakably the most reasonable explanation is that we are entering a new stage of the pandemic, one associated with a new variant, the Omicron variant, and that cases will rise consequentially," he said. Experts predict an Omicron-led third wave, given the jump in Covid-19 numbers. "India is into its Omicron-driven third wave. On January 2, there were 27,553 confirmed cases, increasing by 149% from the average two weeks ago. Though mortality follows 2-3 weeks later, deaths have also increased by 21% in this period," said Shahid Jameel, virologist.

'Antibodies Up 4-fold After Mixing Covishield, Covaxin'

Viswanath.Pilla@timesgroup.com

Mumbai: A mix-match pilot study of Covishield and Covaxin conducted by Hyderabad-based AIG Hospitals has found out that the neutralizing antibodies found in the mixed vaccine groups were four times higher than the same vaccine groups.

The mixing of vaccines didn't point to any safety issues, the study said.

As part of the study, standard 300 healthy volunteers who were not vaccinated and had no history of Covid infection were selected and screened for SARS-CoV-2 antibodies for the study. Of these, 91 or 30% participants were found to be seronegative, or didn't have Covid related antibodies, indicating a high level of seropositivity.

The 91 participants were divided into four groups. Two groups were homologous, in which the same vaccine was given as two doses.

The third and fourth groups were the heterogeneous vaccine groups in which they received the first dose as Covishield and second as Covaxin, and the fourth received first of Covaxin and second dose of Covishield.

Group3 and 4 were the heterogeneous vaccine groups in which different vaccines were given and their body titers were checked.

The study found that when the first and second dose are of different vaccines, the spike-protein antibody response is four times higher compared to two doses of the same vaccine.

"Spike-protein neutralizing antibodies are the ones which kill the virus and results in the overall infection," said D Nageshwar Reddy, chairman of AIG Hospitals.

All the 91 participants were followed for 60 days to see if there're any adverse effects. "The study conclusively showed that mixing of vaccines is absolutely safe as none of the participants developed any adverse effects," AIG Hospitals said.

Vax Cos to Revive Industry Body for Coordinating with Govt, Int'l Agencies

Viswanath.Pilla@timesgroup.com

Mumbai: Four leading Indian vaccine makers have decided to revive the largely defunct industry body called the Indian Vaccine Manufacturers Association (IVMA).

Top executives of Serum Institute of India (SII), Bharat Biotech, Biological E and Panacea Biotec huddled together towards the end of last year where they decided to resuscitate the body, and made it a first port of call for the industry, government, and international agencies, people in the know told ET.

The association will adopt an advisory and consulting role with the government, in addition to enhancing the image of the Indian vaccine industry globally, the people said.

An eight-member managing committee, with SII chief executive Adar Poonawalla as its president and Bharat Biotech chairman Krishna Ella as vice president, has been formed to run the association. "The association will work towards creating a synergy between three stakeholders — the industry, the government and the public — to build more simplified and transparent processes that assist everyone involved," Poonawalla said in the president's message.

A person privy to the meeting told ET that the IVMA will be based in Delhi.

Rising Covid Cases Lead to over 4k Flight Cancellations

Reuters

Over 4,000 flights were cancelled around the world on Sunday, more than half of them US flights, adding to the toll of holiday week travel disruptions due to adverse weather and the surge in coronavirus cases caused by the Omicron variant.

The flights cancelled by 6 pm GMT on Sunday included over 2,400 entering, departing from or within the United States, according to tracking website FlightAware.com. Globally, more than 11,300 flights were delayed.

Among the airlines with most cancellations were SkyWest and SouthWest, with 310 and 178 cancellations respectively, FlightAware showed.

The Christmas and New Year holidays are typically a peak time for air travel, but the rapid spread of the highly transmissible Omicron variant has led to a sharp increase in Covid-19 infections, forcing airlines to cancel flights as pilots and cabin crew quarantine.

Transportation agencies across the United States were also suspending or reducing operations due to coronavirus-related staff shortages. Omicron has brought record case counts and dampened New Year festivities around much of the world. The rise in US Covid cases had also led some companies to change plans to increase the number of employees working from their offices from Monday.

84% Tests Sent for Sequencing were of Omicron Variant in Delhi

Our Political Bureau

New Delhi: Over 83% of all Covid-19 samples sent for genome sequencing in New Delhi were of Omicron variant, Delhi health minister Satyendar Jain said on Monday.

Genome sequencing reports of December 31-31 have found Omicron strain in 81% of samples, Health Minister Satyendar Jain said. Delhi has reported a high positivity of 6.5%. The Omicron variant has spread to 22 states in India, with Maharashtra being the worst hit states, followed by Delhi with 311 infections.

The Omicron variant has spread to 23 states in India, with Maharashtra being the worst hit

Jain said there is no shortage of medical supply in state-run hospitals and clinics. He said the cases are expected to peak in another week in Delhi but it cannot be predicted. "As per genome sequencing reports of Dec 30-31 from three labs of Institute of Liver

Tough Steps Soon if Cases Continue to Rise: Maha Dy CM

Krishna.Thevar@timesgroup.com

Mumbai: The Maharashtra government is on the verge of imposing more severe restrictions in the wake of rising cases of Covid, Deputy chief minister Ajit Pawar on Monday said the state would have to take some tough steps if cases continue to rise.

The state could take steps like West Bengal, which had imposed lockdown like curbs.

"States like West Bengal have already imposed a lockdown, other states too have imposed a lockdown in the night. If cases continue to increase, then we would have to take some tough decisions," said Pawar.

Maharashtra's relief and rehabilitation minister Vijay Wadettiwar also agreed to Pawar. Wadettiwar said chief minister Uddhav Thackeray is favourably disposed to imposing tougher restrictions in the state. Interestingly, Maharashtra's government ministers don't seem to be on the same page as only a day earlier, health minister Rajesh Tope said there was no discussion of a lockdown.

Maharashtra saw 11,877 cases on Sunday. A fortnight ago, Mumbai had around 250 to 300 cases per day that has now jumped to 8,063 cases. On Monday, the city reported another 8,082 cases. The

West Bengal has already imposed lockdown like curbs to curtail the spread of Covid cases

only 593 of the 8,063 cases had been hospitalised of which 30 cases needed oxygenated beds, a state government official said that the figures were worrying.

"We expect cases to shoot up to 15,000 to 20,000 cases per day in Mumbai, so this 500 patients needing hospitalisation would also increase and that would put a strain on the health infrastructure," said a state government official.

On December 31, additional chief secretary health, Pradeep Vyas wrote to all the Divisional Commissioners, District Collectors and Municipal Commissioners asking them not to be 'complacent but act on prior, electronic reports that the Omicron variant caused mild illness'. Vyas wrote that genome sequencing showed that more than 70% of the samples were of the Delta variant.

The Mumbai Municipal Corporation has ordered schools to shut down all classes for students from the first standard to the 9th standard and the 11 standard till January 31. These students will have to study online from home, School Education Minister Varsha

Mankind to Launch Cheapest Covid Drug

New Delhi: Mankind Pharma is all set to launch the cheapest molnupiravir, the Covid-19 antiviral drug this week, at ₹35 per capsule, the chairman told ET.

The full treatment of Molulife (brand name) is expected to cost ₹1,400, DC Katoch, chairman of Mankind Pharma, told ET. The brand is expected to hit the market this week, he said. The recommended dose of molnupiravir is 800 mg twice a day for five days. A patient needs to take 40 capsules of 200 mg doses to form.

The cost pill will be manufactured by 21 Indian pharmaceutical companies.

UNITECH CASE

Properties Involved in Money Laundering being Dissipated: ED

Raghav.Ohri@timesgroup.com

New Delhi: An Enforcement Directorate (ED) investigation has revealed that properties involved in the money-laundering case against the promoters of Unitech are being "actively dissipated" by those who have benefitted from the alleged crime, people aware of the matter said.

The agency claims to have "intelligence inputs" which suggest that there is an attempt to sell the assets by individuals who are alleged to be involved in money laundering and benefitted — directly or indirectly — from the activity.

The ED has recorded the statement of Yogesh Gupta, one of the co-architect of the Kore/Trikaar Group, and also a close confidant of the Chandras of Unitech.

According to the agency, the Trikaar/Kore Group is "benefitting/controlled" and controlled by the Chandra family, especially Sanjay Chandra and his wife Preeti Chandra.

According to the agency, Gupta's incarceration has prevailed that Sanjay Chandra's father, Ramesh Chandra, had in January 2021 sought his assistance in selling a property proclaimed as an alleged benami shell company called Sky Rooms Management. The property has since been sold.

Gupta has allegedly claimed that he knows Sanjay Chandra and his brother, Ajay, since 2004 and that he attended the launch party of the Trikaar/Kore Group in 2007 at a Gurgaon hotel. The brothers are currently in jail. Gupta claims to have met Sanjay and Ajay Chandra in Tihar jail between 2007 and 2011 when they discussed the issues relating to the Trikaar/Kore Group.

Where Did The Funds go?

ED claims there is a likelihood that Unitech's diverted funds were routed to Unitech International Realty Fund, the Cayman Islands

They were layered and laundered to the accounts of Trikar Asset Management Fund, also based in the Cayman Islands, and into the accounts of Singapore-based entities of the Trikar Group

The funds from Cayman Islands and Singapore-based entities of Trikar group were routed to India for the benefit of the Chandra family, especially Sanjay Chandra

Deferred Orders, Slow Demand to Dent Exporters' Q1 Numbers

Exporters of leather goods & garments have begun to see a fall in orders

Kiritika.Suneja@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness a fall in orders from the new, reopened to quick deliveries by allow weeks, and queries related to up-rises restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country. Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could derail India's exports in the first quarter of calendar 2022, they said.

"Queries have slowed as fear has set in among global buyers. Orders from Europe have slowed down and we expect retail sales to get hit," said Yogesh Chaudhary, director, Jaipur Rugs, one of India's largest manufacturers of hand-knotted rugs.

Buyers in the US, who were earlier asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary said.

Exporters said that buyers who had earlier predicted strong demand, are now refocussing it for the next 3-6 months. India's exports fell a nine-month low at $30.01 billion in November. As per Balkrishan Ahuja, chairman of Chennai-based Pratibha Group, one of India's largest shoe manufacturers and exporters, and a vendor to Adidas, Clarks, Marks & Spencer, Debenhams and Bally Shoes, among others, clients in the US are enquiring about factories' orders restrictions in India.

Exports at All-Time High, Up 37% in Dec

NEW DELHI: India's goods exports in December surged 27% on year to $37.29 billion, the highest ever monthly figure, data released by the commerce and industry ministry showed on Monday. Commerce and industry minister Piyush Goyal said that India's merchandise exports will be above $400 billion this fiscal as outbound shipments during April-December crossed $300 billion, exceeding the exports of 2020-21. He also assured that there is no extraordinary increase of imports from China. India's goods exports rose 27.55% over $27.21 billion in December 2019. – Our Bureau

Vedanta Raises ₹1k cr from IDBI, CanBank

Sangita.Mehta@timesgroup.com

Mumbai: Vedanta has raised ₹1,000 crore from IDBI Bank and Canara Bank last week for three years at 7.68% to repay existing debt and general corporate purposes, people aware of the matter said.

Of the ₹1,000 crore, which was raised via secured bonds maturing on December 31, 2024, both banks subscribed to ₹500 crore each.

The 7.68% pricing of the three-year AA-rated paper by Crisil is currently 230 basis points over the 5-year sovereign bonds of equivalent tenure. The [illegible] bankers and Vedanta's investors on December 31, 2021, people said.

GST Probe might have set a Precedent for Tax Categorisation of Crypto Assets

Sachin.Dave@timesgroup.com

CRYPTO CONUNDRUM

Legal experts are yet to converge on whether a cryptocurrency is indeed a currency, a commodity, a service, or something else

Mumbai: Even as the indirect tax department initiated investigations against several crypto exchanges for escaping Good and Services Tax (GST) liability, it may have also set a precedent around the categorisation of cryptoassets for taxation. Legal experts have long debated on the categorisation – and tax treatment – of cryptocurrencies. They are yet to converge on whether a cryptocurrency is indeed a currency, a commodity, a service, or something else.

The Directorate General of GST Intelligence (DGGI) conducted searches and raids on several crypto exchanges and asked them to pay GST on their transaction fees or margins.

The tax department's stand, say tax experts, could mean that at least part of what exchanges provide can be categorised as services.

"GST on crypto currency has been a subject matter of dispute from the taxability and valuation perspective," said Abhishek A Rastogi, Partner at Khaitan & Co. "Transaction fees are always paid by sender; these will be ported consideration as they are made in cryptocurrency in response to the supply of services by the service provider, and cryptocurrency exchanges, clients in the US are enquiring about factories' orders restrictions in India.

Maruti Suzuki Rules Indian Roads with Most Number of Bestsellers

Eight models in 2021 top-10 list; WagonR highest selling car, overall share at 45%

Shamshita.M@timesgroup.com

New Delhi: Maruti Suzuki continued to rule Indian roads with the help of its three-selling models coming from the company's stable in calendar year 2021 — the highest number in a move than a decade. Seven out of these top three popular vehicles in the local market belonged to the Maruti Suzuki family in 2021. The company's alto is the best-sellers list stood at 5 in 2021.

Interestingly, in a country where consumer preference is swerving towards SUVs, Maruti Suzuki Wagon R emerged as the highest selling model with sales of 183,851 units in 2021. Infact, hatchbacks occupied the top four slots in domestic sales last year with Maruti Suzuki Swift clocking in 175,058 units, Maruti Suzuki Baleno recording wholesale of 172,241 units and Maruti Suzuki Alto 800 bringing in 166,336 units.

"If you look at three-tiered year, excepting the couple of months in which sales disappointed due to the second wave, hatchbacks managed to maintain market share of 65-67% as in the last 5-6 years. SUVs are growing at the expense of sedans," said Shashank Srivastava, senior executive director (marketing and sales) at Maruti Suzuki. The company has commanded a lion's share in the hatchback segment for the 18th [illegible]

In the sports utility vehicle segment — where 48 brands battled it out for customer attention — Hyundai Creta emerged the winner with sales of 226,481 units in 2021. Maruti Suzuki Vitara Brezza and Tata Nexon too made their way into the top 10 list with sales of 138,982 units and 108,537 units, respectively. Srivastava said "Maruti Suzuki Vitara Brezza dominated sales in the entry SUV segment.

The mild SUV segment (where the company currently does not have a product) dragged down our market share in the category." Maruti Suzuki's market share in SUVs stood at 12% in 2021. Led by Creta SUV, Hyundai Motor India consolidated its position as the leader in the SUV segment in 2021 for the second year in a row.

To strengthen its footprint, Maruti Suzuki plans to have four more options in the SUV segment — ranging from sub-4 metre to large size 4.4 metre SUV — at a price point of ₹20 lakh over the next coupled years, ET reported in December.

Overall, Maruti Suzuki's market share stood at around 45% in CY2021.

Srivastava explained that the global shortage of semiconductors adversely affected production operations at the company. "The supply constraints affected us a little bit more. The mid SUV space was challenging."

Airlines Fear Price War with Entry of New Players

Mihirlelshra@timesgroup.com

New Delhi: The airline industry was expecting a saner pricing regime with the privatisation of Air India in 2022, but fear that the entry of new players would continue its import pricing in a high-cost market like India. The government is set to hand over Air India to the Tata Group by the end of January. The industry is also set to see the entry of Akasa and the return of Jet Airways during the year, which analysts believe will keep fares under check.

"Yes... hopefully some sensibility will come into the market with Air India ownership taking under the Tatas. ... But if there is too much capacity the outcome (lack of pricing power) will be the same. But the absence of a state player is positive for sure," said a senior airline executive, who did not want to be identified.

While Akasa is likely to start operations by the middle of this year, Jet's return may also happen around the same time. Another executive at a second airline said that the pricing sanity is a must for an industry that is trying to recover from the impact of Covid.

"Any new entrant is to test-imulate the market and create a stress on fares in the-gain, as the existing airlines will be forced to match those fares. New entrants will do a similar price-time-loss" the executive said on a condition of anonymity.

Expect Mobile Tariff Hike after 5G Auction

Telcos may yield to spectrum cost pressure, hike prices by 2022-end

Mansi.Taneja@timesinternet.in

New Delhi: After raising tariffs by 20-25% recently, India's mobile operators may resort to another price hike this year end, as the world's second-biggest market for telecom services prepares to usher in next-generation 5G services, analysts said.

While 5G services will allow telecom players to generate additional revenue streams, especially from the enterprise and digital services segment, it is widely expected to come at a huge cost. The biggest chunk of the additional costs will be the price of airwaves companies will have to pay in an auction.

The next pressure, coupled with more headroom in a market that still has one of the world's cheapest mobile data plans, will lead telcos to increase prices further, analysts said.

Leading telcos Reliance Jio, Bharti Airtel and Vodafone Idea (Vi) did not respond to ET's queries as of press time Monday.

Any increase will likely happen towards the end of 2022 and the final spectrum costs will be known after the conclusion of those bilids, analysts said.

"The recent price hike has been positive for the industry," said Nitin Soni, senior director, corporates, at Fitch Ratings. "Airtel and Jio have enough cash and capability while for Vodafone Idea the current hike won't be sufficient," Soni's peers companies to consider tackling another round of price hike during the next 12 months after clarity emerges on the spectrum auction.

The Telecom Regulatory Authority of India (Trai) is expected to firm up its recommendations on the auction of 5G spectrum by March or April, after which the Department of Telecommunications (DoT) will kick-start the auction process. All three private telcos are currently conducting 5G trials.

Despite the recent hikes, India has undergone much deeper prices cut around $0.5 per gigabyte (e) is one of the lowest global rates with the cheapest plan costing just $0.1 per GB.

"The price per GB in the US, China and South Korea is between $8-$10 per GB, with the cheapest plans costing anywhere between $0.6-$1 per GB," said Sita Chaudhary, director at Crisil Research. "Thus, the industry in India has still room for more tariff hikes in the longer term," she said.

"However, we expect the prices to remain stable in the near term," Chaudhary said.

A Mumbai-based analyst said telcos will plan the next action on tariffs once there is clarity on the 5G spectrum price, as the network will require investments in spectrum buying and infrastructure set up.

The government's relief package to the telecom industry has given a boost here to telecom carriers, especially Vodafone Idea, which has been struggling in a hyper competitive three-private players' market. All three operators raised prepaid tariffs by 20-25% recently.

Expect Mobile Tariff Hike after 5G Auction

Properties Linked to Unitech Money Laundering Being Dissipated, Says ED

Raghav.Ohri@timesgroup.com

New Delhi: An Enforcement Directorate (ED) investigation has revealed that properties involved in the money-laundering case against promoters of Unitech are being "actively dissipated" by those who have benefitted from the alleged crime, people aware of the matter said. The agency claims to have "tangible incriminating inputs" which suggest that there is an attempt to sell the assets by individuals who are alleged to be involved in money laundering and benefitted — directly or indirectly — from the activity. ED has recorded the statement of Yogesh Gupta, a consultants of the Kore Trikar Group, and also a close confidant of the Chandras of Unitech. According to the agency, the Trikar Kore Group is "beneficially owned" and controlled by the Chandra family, especially Sanjay Chandra and his wife, Preeti Chandra. According to the agency, Gupta's examination has revealed that Sanjay Chandra's father, Ramesh Chandra, had in January 2021 sought his help in selling an property.

Deferred Orders, Slow Demand to Make Q1 Challenging for Exporters

Exporters of leather goods, garments, carpets begin to see fall in orders from Europe

Kirtika.Suneja@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness a fall in orders from Europe, requests to push deliveries by a few weeks, as factories reopen and travel restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country.

Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could dent India's exports in the first quarter of calendar 2022, they said.

"Queries have slowed and action has set in among global buyers. Orders from Europe have slowed down and even spot retail sales to get hit," said Yogesh Chaudhary, director, Jagsa Rugs, one of India's largest manufacturers of hand-knitted rugs.

Buyers in the US, who were earlier asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary said.

Exporters said that buyers who had earlier predicted strong demand, are now reassessing it for the next 3-5 months.

India's exports hit a nine-month low at $30.04 billion in November.

As per Rafeeque Ahmed, chairman of Chennai-based Parida Group, one of India's largest home manufacturers and exporters, and a vendor to Ashley, Clarks, Marks & Spencer, Debenhams and Bally Shoes, among others, clients in the US are inquiring about the various restrictions in India.

"We are running at full capacity now and maybe we can increase production a bit more to prepare for the bad days ahead. Business will get affected once the transport-related restrictions come in place," Ahmed said.

A Delhi-based exporter of garments and accessories, who supplies to brands such as Zara, Mango and Tommy Hilfiger, said that buyers are asking for factories to follow strict protocols in the manufacturing facility allowing only double vaccinated people and have mandated RTPCR test for anyone returning from leave. Also, we are purchasing only a week's requirement," said Sanjay K Jain, managing director, TT Limited.

GST Evasion Investigation on Exchanges may Set Precedent for Tax Categorisation of Crypto Assets

Sachin.Dave@timesgroup.com

Mumbai: Even as the indirect tax department initiated investigations against several crypto exchanges for evading Good and Services Tax (GST) liability, it may have also set a precedent in toward the categorisation of crypto assets for taxation.

Legal experts have long debated on the categorisation – and tax treatment – of cryptocurrencies.

They are yet to converge on whether a crypto currency is indeed a currency, a commodity, a security or something else.

The Directorate General of GST Intelligence (DGGI) conducted searches and raids on several crypto exchanges and asked them to pay GST on their transaction fees or margins. The tax department's stand, say tax experts, could mean that at least part of what exchanges provide can be categorised as a service. "GST on cryptocurrency has been a subject matter of dispute from the taxability and valuation perspective," said Abhishek A Rastogi, Partner at Khaitan & Co. "Transaction fees are always quickly sendors; these will be part of consideration in their minds in crypto currency irrespective of the supply of services by the recipient of services, and cryptocurrencies are rewarded by the blockchain system to the crypto miners on successful verification of transactions."

The tax department's stand is also in line with the mandatory advisories provided by the exchanges (a similar to what commodity exchanges and other intermediaries have to pay in India.

Crypto exchanges are seeking clarity on the issue.

"Currently we don't have any crypto-specific provisions in the GST and income tax laws that are revealing clarity on the tax interpretations and are attracting an 18% GST on the exchange revenues/taxes/fees and various charges," said Sumit Gupta, Co-founder & CEO at CoinDCX, a cryptocurrency exchange. "There was an ambiguity in the interpretation, and we have complied and voluntarily paid GST. We have always been and will remain compliant with all tax-related matters," said a WazirX spokesperson.

DGGI has initiated investigations against leading exchanges, including WazirX, CoinSwitch, Kuberand CoinDCX.

Even industry bodies believe the tax department's stand is justified and it will only bring in more clarity.

"The department (tax) wants to check that all the broker-age/commission earned by exchanges has drawn GST at 18% and we agree with that," said Vikas Ahuja, Member of Blockchain and Crypto Assets Council (BACC).

"The core issues that certain Indian crypto exchanges faced were along the lines of the commission charged by some exchanges on transacting through their native tokens. For example, an Indian exchange could allow users to transact via INR or through their native token," said Rohit Patel, CEO and co-founder of Mudrex.

There is currently no clarity on how much tax is levied on crypto currency under income tax or GST regulations. This is mainly because of the ambiguity around categorising cryptocurrencies such as Bitcoin and other assets.

Many exchanges have started stating that the whole issue was mainly around compliance and that they accepted the taxmen's stand. "Currently in India, there is a lot of ambiguity around the taxation of crypto assets and filing procedures," said Shivam Thakral, CEO of BuyUcoin, a crypto currency exchange. As to whether they can be treated similarly to currency, equity, gold, technology, services, or like a lottery, income tax rates on revenue from different assets range from 20% to 35%.

Maruti Most Popular in 2021 with 8 Bestsellers

Automaker marks best performance in decade with 8 models in top 10

Sharmistha.Mukherjee@timesgroup.com

New Delhi: Maruti Suzuki continued to rule Indian roads with eight of the 10 best-selling models coming from the company's stable in calendar year 2021 — the highest number in more than a decade. Seven of the top 10 most popular vehicles in the local market belonged to the Maruti Suzuki family in 2021. The company's tally in the bestsellers list stood at 8 in 2020.

Interestingly in a country where consumers swerving towards a preference for SUVs, Maruti Suzuki Wagon R emerged as the highest-selling model with sales of 302,021 units in 2021. In fact, hatchbacks occupied the top four slots in domestic sales last year with Maruti Suzuki Swift clocking up 275,651 units, Maruti Suzuki Baleno recording wholesale of 251,341 units and Maruti Suzuki Alto 800 hitting mark in 195,233 units.

"If you look at the entire year, excepting the couple of months which saw disruptions (due to the second wave), hatchbacks managed to maintain market share of 45-47% as in the last 5 years. SUVs are growing at the expense of sedans," said Shashank Srivastava, senior executive director (marketing and sales) at Maruti Suzuki. The company commanded a 1lion's share of hatchbacks at 52% in 2021.

In the sports utility vehicle segment – where Brezza and Ertiga retained its customer attention – Hyundai Creta emerged the winner with sales of its 137 units in 2021. Maruti Suzuki Vitara Brezza and Tata Nexon also made their way into the top 10 list with sales of 115,962 units and 108,077 units, respectively.

Srivastava said, "Maruti Suzuki Vitara Brezza dominated sales in the entry SUV segment. The mid SUV segment (where the company does not have a product) struggled down market shows in the category." Maruti Suzuki's share in SUV stood at 11% in 2021.

GST Liability on Swiggy, Zomato to Ease Restaurants' Compliance Burden: Officials

Our Bureau

New Delhi: Food delivery services, restaurants and cloud kitchens must act as Goods and Services Tax (GST) collectors from October 2021 and make the liability to pay tax flow from staffed to electronic commerce operators (ECO) such as Swiggy and Zomato to reduce their compliance burden and for ease of doing business, government officials said.

The ECOs were collecting GST of 5% on these services prior to January 1, 2022 also. Now they will not only collect but will also pay the GST collected by them from the consumers directly to the Government, one of the officials said.

"This change has, in fact, freed restaurants and cloud kitchens from the requirement of paying taxes and filing returns and will thereby increase their ease," the official said, adding that this is a trade facilitation measure which will make it easier for the restaurants and cloud kitchens in the MSME sector to do business.

The GST Council had approved the shift at its September meeting. The liability to pay GST on services supplied through ECOs was on the restaurants and cloud kitchens earlier.

The delivery companies will collect GST from consumers and pay it directly to the govt, officials said

Another official said a similar shift in the case of taxi or auto rickshaws would also not increase the levy payable by consumers. From January 1, 2022 GST of 5% is being levied on auto rickshaws booked through ECOs such as Ola and Uber.

Radio taxi and motor cabs booted through ECOs attracted a GST of 5% prior to January 1, 2022 also, the official added. "This will not put any GST compliance burden on the individual auto rickshaw/taxi operators through the ECOs. ECOs are organised players with sufficient IT and other infrastructure to meet the regulatory requirements associated with payment of GST," the official said, adding auto rickshaws/taxi will thus continue to be exempt from GST.

The official said the move may actually help the individual auto rickshaw/taxi drivers in earning/getting with organised players like Ola and Uber better.

Exports Growth at Record High of 37% in Dec

Outbound shipments at $37.29b in Dec; will cross $400b mark in FY21 as exports in Apr-Dec crossed $300 b: Goyal

Our Bureau

New Delhi: India's goods exports in December surged 37% on year to $37.29 billion, the highest ever monthly figure, data released by the commerce and industry ministry showed on Monday. Commerce and Industry minister Piyush Goyal said that India's merchandise exports will be above $400 billion this fiscal as outbound shipments during April-December crossed $300 billion, exceeding the exports of 2020-21. He also assured that there is no extraordinary increase of imports from China.

India's goods exports rose 37.59% over $27.11 billion in December 2020.

"With $300 billion in the first nine months of 2021-22 we are on track to achieve our target...This growth is satisfying and we must aspire for more," Goyal said.

However, he said the third wave of Covid-19 is affecting developed countries especially the US, Europe and the Middle East, and problems relating to shipping lines can be expected. "We don't see anybody or any supply disruptions or in the supply chains because by and large the world has not, on that the effects of this wave are relatively less harmful and the western world has not restricted any movements as yet. We've also not seen in statements of lockdowns being announced in any major country," Goyal said, adding that the only problem could be temporary if the shipping staff gets down with Covid in a big way and cause short term disruptions. "But cases are asymptomatic and the Middle East, and problems relating to shipping lines can be expected. We don't see anybody or any supply disruptions or in the supply chains because by and large the world has not, on that the effects of this wave are relatively less harmful and the western world has not restricted any movements as yet. We've also not seen in statements of lockdowns being announced in any major country," Goyal said, adding that the only problem could be temporary if the shipping staff gets down with Covid in a big way and cause short term disruptions. "But cases are asymptomatic and recovering very quickly. Hopefully supply lines and supply activity will continue in full stream," he added.

India clocked $300 billion of exports in the October-December quarter, the highest till date.

India's merchandise export in April-December was $358.74 billion, an increase of 48.05% on year from $308.37 billion in the year ago period and an increase of 7.26% over $238.27 billion in April-December 2019.

Engineering goods, Petroleum products, gems and jewellery, chemicals, and yarn were among the key drivers of growth last month.

"Out of these, many of them were labour-intensive sectors contributing majorly to the exports basket, which itself is a good sign, further helping job creation in the country. Looking at the current trend, we are on course to achieving the $400 billion merchandise exports target for the fiscal," said Federation of Indian Export Organisations president A Sakthivel.

EEPC India Chairman Mahesh Desai said that markets in Europe and North America are witnessing very high number of Covid-19 infections and that could negatively impact the order pipeline.

India's imports in December were $59.07 billion, an increase of 50.86% over last year, leaving a trade deficit of $21.78 billion, lower than the all-time high trade gap of $22.36 billion in November but lower than $15.72 billion registered in December 2020.

Goyal also said the country is well on track to gross $250 billion or more worth of services exports in FY22, another which will also be an all-time high. "We have seen about 95% of our chain restored in the last couple of months," he said.

Goyal said that the export of every month since April 2016 to December 2021 is historical. He also said that textiles from Uttar Pradesh are exported at Rs 2 lakh crore this fiscal, up 60% from Rs 1.25 lakh crore last year.

CHINA IMPORTS

Goyal assured that there is no extraordinary increase of imports from China. He said from FY06 to FY21, when the United Progressive Alliance was in power, imports from China had increased 300% and there was a 24 times increase in trade deficit from $3.5 bn in FY05 to $36 bn in FY21.

It was $38 billion in 2014-15 and has risen again to $101 billion in 2021.

"It almost remains steady ... I can assure you that there is no extraordinary increase with China," Goyal said, adding that India's overall trade with Australia increased 32%, South Africa 67%, UAE 68% and China only 44%.

Goyal said that India's free trade agreement with the UAE is close to final position, New Delhi is also embarking the interim agreement with Australia, which will cover "large areas of interest particularly to service exports in first nine months," he said.

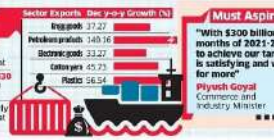

Goyal said that the export of every month since April 2016 to December 2021 is historical. He also said that textiles from Uttar Pradesh are exported at Rs 2 lakh crore this fiscal, up 60% from Rs 1.25 lakh crore last year.

Deferred Orders, Slow Demand to Hurt Exporters in Q1

Kirtika.Suneja@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness a fall in orders from Europe, requests to push deliveries by a few weeks, and queries related to various restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country.

Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could dent India's exports in the first quarter of 2022, they said. Queries have slowed as fear has set in among global buyers. Orders from Europe have slowed down and two expect retail to be impacted, said Yogesh Chaudhary, director, Injaar Rugs.

Apparel, textile, leather exporters expect slow business after holiday season

Exporters get inquiries on India's Covid restrictions

Global curbs, lockdowns, high freight, manpower crunch key issues

India's Nov exports were 9-month low at $30.04 billion

Factories run at full capacity ahead of expected bad days

Buyers in the US, who were earlier asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary said. Exporters said that buyers who had earlier predicted strong demand, are now rebrowsing it for the next 30 months. India's exports hit a nine-month low at $30.04 billion in November.

As per Sulleajaz Ahmad, chairman of Chennai-based Pardis Group, one of India's largest shoe manufacturers and exporters, and a vendor to Adidas, Clarks, Marks & Spencer, Debenhams and Bally Shoes, among others, clients in the US are inquiring about the various restrictions in India.

"We are running at full capacity now and maybe we can increase production a bit more to prepare for the bad days ahead. But lines will get affected once the consumer restrictions start coming in place," Ahmad said.

A Delhi-based exporter of garments experts deferred order flows in many retail-focussed exporters to shut down globally in the next few days since client return from their holidays.

India Seeks Virtual WTO Meet on Covid Response, TRIPS Relief

Kirtika.Suneja@timesgroup.com

New Delhi: Amid the rising cases of the Omicron variant of Covid-19 worldwide, India is keen on a virtual ministerial conference of the World Trade Organization (WTO) on the pandemic response including a waiver from certain provisions of the global intellectual property rights agreement.

Last month, the WTO postponed indefinitely its in-person twelfth ministerial conference (MC12) that was to be held from November 30 to December 3 in Geneva, after the Omicron triggered alarm in India across the globe and the World Health Organization called it a "variant of concern".

India and South Africa, supported by 58 WTO members, want waiver of certain provisions of copyrights, industrial designs, patents and protection of undisclosed information in the Trade-Related aspects of Intellectual Property Rights (TRIPS) agreement for prevention, containment or treatment of Covid-19. India wants the waiver proposal to be part of the WTO package in response to the pandemic.

WTO had postponed its in-person twelfth ministerial conference after Omicron triggered alarmbells

"We have asked for a virtual ministerial conference on the pandemic response including TRIPS waiver," said an official.

However, the proposal is being blocked by the European Union, which has instead floated its own proposal underlining that the existing WTO provision of allowing governments to issue compulsory licences to non-patent holders for manufacture of patented medical products during public health emergencies be further simplified.

GST Probe may Set Precedent for Crypto Taxation

Sachin.Dave@timesgroup.com

Mumbai: Even as the indirect tax department initiated investigations against several crypto exchanges for escaping Goods and Services Tax (GST) liability, it may have also set a precedent around the categorisation of crypto assets for taxation.

Legal experts have long debated on the categorisation – and tax treatment – of cryptocurrencies. They now yet to converge on whether a cryptocurrency is indeed currency, a commodity, a service, or something else.

The Directorate General of GST Intelligence (DGGI) conducted searches and raids on several crypto exchanges and asked them to pay GST on their transactions fees or margins.

The tax department's stand, say tax experts, could mean that at least part of what exchanges provide can be categorised as services. "GST on cryptocurrency has been a subject matter of dispute from the taxability and valuation perspective," said Abhishek A Rastogi, Partner at Khaitan & Co. "Transaction fees are always paid by senders; these will be the part of valuation. It may are made in cryptocurrency in response to the supply of services may be those in case of services, and cryptocurrencies are treated by the blockchain system in the crypto miners on successful verification of transactions."

The tax department's stand to slap on 18% GST on the services and services provided by the exchanges is in line with what I assessed by a number of intermediaries in the

CRYPTO CONUNDRUM

Legal experts are yet to converge on whether a cryptocurrency is a currency, a commodity, a service, or something else

Crypto exchanges are seeking clarity on the issue. "Currently, we don't have any crypto-specific provisions in the GST and from our interactions and asking for an IDA GST on the exchange revenues from fees and various charges," said Sumit Gupta, Co-founder & CEO at CoinDCX.

"There is an ambiguity in the interpretation, and we have completed and we instantly paid GST. We have always been on and will continue to be compliant with all tax-related matters," said a WazirX spokesperson.

DGGI has initiated investigations against all top exchanges, including WazirX, CoinSwitch Kuber and Unocoin.

Even industry bodies believe the tax department's stand is justified and will only bring in more clarity.

"The department (Tax) wants to check that all the brokerage/commission earned by exchanges has drawn GST at 18% and we agree with that," said Vishal Gupta, Member of Blockchain Committee, Internet and Mobile Association of India (IAMAI).

Fines of the commission charged by some exchanges are transacting through their native token. For example, an Indian exchange could allow users to transact in INR or through their native token, "said Ekal Patel, CSO and co-founder of Mudrex.

There is currently no clarity on how much tax is levied on cryptocurrency when exchanges were asked to explain their business model and how much indirect tax — either service tax or value-added tax — could be levied.

The tax authorities wanted to understand how to tax the revenues from the exchanges.

The problem was not just about sales tax and VAT but also about goods and services tax, as to how bitcoins could be treated under GST.

This also comes at a time when there is regulatory ambiguity around cryptocurrency. The government is also discussing with stakeholders whether crypto currencies should be completely banned or whether they should be allowed in a limited way where the Reserve Bank of India (RBI) will primarily regulate them, ET reported on December 11.

This is one of the first times the cryptocurrency has found itself in the crosshairs of the tax authorities. In 2017, tax investigations were essentialized where corporates and promoters of some crypto currency exchanges were asked to explain their business model and how much indirect tax — either service tax or value-added tax — could be levied.

Darjeeling Tea Output Sinks to Record Low in '21

Sutanuka.Ghosal@timesgroup.com

Kolkata: Production of Darjeeling tea, one of the most popular tea varieties globally, has shrunk to 6.5 million kg in 2021, the lowest on record and just half of the 13 million kg produced two decades ago.

Output has shrunk to 6.5mn kg in 2021, just half of the 13 million kg produced two decades ago

Climate change, closure of gardens, high level of absenteeism among tea workers, losing export markets due to agitation in the hills in 2017 and little effort to promote the Darjeeling tea in the domestic market have led to the fall. Planters fear that if the government does not come up with a revival package, then Darjeeling tea, the flagbearer of the Indian tea industry, will get lost in history just like the teas from Himachal Pradesh's Palampur.

Over 40 L Teens Take the Shot on Day One of New Vaccination Drive

Registration in 15-17 age group rose to over 50 lakh on Monday

Our Political Bureau

A school student getting vaccinated in Indore on Monday

New Delhi: As India rolled out Covid-19 vaccination for the 15-17 years age group on Monday, over 40 lakh teenagers took the shot.

The first day of the rollout saw the registration in the age group climb upmanifold from 721,328 on Sunday night to over 3,021,700 on Monday night.

The Centre had allowed vaccination of teenagers both through registration on Co-WIN and on site registration.

This saw many parents taking their children to the Covid vaccination centres and doing on-spot registration. By 2 pm on Monday, 1,482,392 teenagers had been vaccinated. The target is big as the ministry of health and family welfare statistics put the estimated eligible number in this age group at 7.4 crores.

The day was marred by complaints of parents that their vaccination appointment got cancelled. A parent, who did not wish to be identified, said, "Our slot was for 1.30 pm. We got a call from the hospital at 3 pm that our appointment has been cancelled. Parents informed that all vials are being reserved to the company and they will be sent back again after Hab-

yesterday's rebooking."

This created confusion as parents complained that their children were being given expired vaccine.

Another parent took to social networking site Twitter saying, "When we went to the centre we realised that the vaccine had timed out [sic]."

Then we were shown a letter which stated the shelf life had been extended."

India has allowed only Covaxin to be administered in the 15-17 age group.

The health ministry, however, denied this in any wrongdoing, in a written statement, the health ministry said. "There have been some media reports alleging that expired vaccines are being administered in India under its national Covid-19 vaccination programme. This is false and misleading and based on incomplete information."

The ministry said that the Central Drugs Standard Control Organisation (CDSCO) on October 25, 2021, in response to Bharat Biotech letter, had approved the extension of shelf life of Covaxin from 9 months to 12 months.

Similarly, the shelf life of Covishield has also been extended from nine to twelve months.

84% Tests Sent for Sequencing were of Omicron Variant in Delhi

Our Political Bureau

New Delhi: Over 83% of all Covid-19 samples sent for genome sequencing in New Delhi were of Omicron variant, Delhi health minister Satyendar Jain said on Monday.

Genome sequencing reports of December 31-21 have found Omicron strain in 81% of samples, Health Minister Satyendar Jain said. Delhi has reported a high positivity of 6.5%. The Omicron variant has spread to 22 states in India. Maharashtra is the worst-affected state with 510 cases, followed by Delhi with 351 infections.

Jain said there is no shortage of medical staff in state-run hospitals and clinics. He said the cases are expected to peak in another week in Delhi but it cannot be predicted. "As per genome sequencing reports of Dec 30-31 from three labs of Institute of Liver

Tough Steps Soon if Cases Continue to Rise: Maha Dy CM

Krishna.Thevar@timesgroup.com

Mumbai: The Maharashtra government is on the verge of imposing more severe restrictions in the wake of rising cases of Covid, Deputy chief minister Ajit Pawar on Monday said the state would have to take some tough steps if cases continue to rise.

The state could take steps like West Bengal, which had imposed lockdown like curbs.

"States like West Bengal have already imposed a lockdown, other states too have imposed a lockdown in the night. If cases continue to increase, then we would have to take some tough decisions," said Pawar.

Maharashtra's relief and rehabilitation minister Vijay Wadettiwar also agreed to Pawar. Wadettiwar said chief minister Uddhav Thackeray is favourably disposed to imposing tougher restrictions in the state. Interestingly, the Maharashtra government ministers don't seem to be on the same page as only a day earlier, health minister Rajesh Tope said there was no discussion of a lockdown.

Maharashtra saw 11,877 cases on Sunday. A fortnight ago, Mumbai had around 250 to 300 cases per day that has now jumped to 8,063 cases. On Monday, the city reported another 5,063 cases. The only 593 of the 5,063 cases had been hospitalised of which 30 cases needed oxygenated beds, a state government official said that the figures were worrying.

"We expect cases to shoot up to 15,000 to 20,000 cases per day in Mumbai, so this 500 patients needing hospitalisation would also increase and that would put a strain on the health infrastructure," said a state government official.

West Bengal has already imposed lockdown like curbs to curtail the spread of Covid cases

On December 31, additional chief secretary health Pradeep Vyas wrote to all the Divisional Commissioners, District Collectors and Municipal Commissioners asking them not to be 'complacent but focused on prompt, electronic reports that the Omicron variant caused mild illness'. Vyas wrote that genome sequencing showed that more than 70% of the samples were of the Delta variant.

The Mumbai Municipal Corporation had said it intends to shut down all classes for students from the first standard to the 9th standard and the 11 standard till January 31. These students will have to study online from home. School Education Minister Var-

Experts Warn of a Third Wave as Cases, Hospitalisations Rise

Deaths have increased from average two weeks ago; polls could become a super spread event

Teena.Thacker@timesgroup.com

New Delhi: Public health experts say India is hurdling towards the third wave as parts of it witness a surge in the number of Covid-19 cases and hospitalisation numbers begin to touch up.

In the last one week, there has been an exponential increase in numbers and the data seems to indicate that a new phase of the pandemic has begun. Can we call it the beginning of a third wave? "Of course," said Anurag Agrawal, chair member of the WHO's technical advisory group on SARS-CoV-2 virus evolution. "We have both the necessary ingredients. A new variant (Omicron) capable of causing a new wave, and rising infections associated with increase in Omicron," he told ET. Gautam Menon, professor of physics and biology at the Ashoka University said the steep rise in cases seen in Delhi, Mumbai and Kolkata is comparable to that seen in South Africa and a number of countries in Europe from about a few weeks ago, which have been conclusively attributed to the Omicron variant.

"Cases from Delta had shrunk to less than 10,000 daily across India and a resurgence of Delta cases is unmistakably the most reasonable explanation is that we are entering a new stage of the pandemic, one associated with a new variant, the Omicron variant, and that cases will rise consequentially," he said. Experts predict an Omicron-led third wave, given the jump in Covid-19 numbers. "India is late in its Omicron-driven third wave. On Jan 2, there were 27,553 confirmed cases, increasing by 180% from the average two weeks ago. Though mortality follows 2-3 weeks later, deaths increased by 55% in this period," said Shahid Jameel, virologist,

Mankind to Launch Cheapest Covid Drug

New Delhi: Mankind Pharma is all set to launch the cheapest molnupiravir, the Covid-19 antiviral drug this week, at ₹35 per capsule, the chairman told ET.

The full treatment of Molulife (brand name) is expected to cost ₹1,400, RC Juneja, chairman of Mankind Pharma, told ET. The brand is expected to hit the market this week, he said. The recommended dose of molnupiravir is 800 mg twice a day for five days. A patient needs to take 40 capsules of 200 mg doses for a full course.

The Covid pill will be manufactured by 21 Indian pharmaceutical companies.

'Antibodies Up 4-fold After Mixing Covishield, Covaxin'

Viswanath.Pilla@timesgroup.com

Mumbai: A mix-match pilot study of Covishield and Covaxin conducted by Hyderabad-based AIG Hospitals has found out that the neutralizing antibodies found in the mixed vaccine groups were four times higher than the same vaccine groups.

The mixing of vaccines didn't point to any safety issues, the study said.

As part of the study, standard 300 healthy volunteers who were not vaccinated and had no history of Covid infection were selected and screened for SARS-CoV-2 antibodies for the study. Of these, 91 or 30% participants were found to be seronegative, or didn't have Covid related antibodies, indicating a high level of seropositivity.

The 91 participants were divided into four groups. Two groups were homologous, in which the same vaccine was given as two doses.

The third and fourth groups were the heterogenous vaccine groups in which they received the first dose as Covishield and second as Covaxin, and the fourth received first of Covaxin and second dose of Covishield.

Group 3 and 4 were the heterogenous vaccine groups in which different vaccines were given and their body titers were checked.

The study found that when the first and second dose are of different vaccines, the spike-protein antibody response is four times higher compared to two doses of the same vaccine.

"Spike-protein neutralizing antibodies are the ones which kill the virus and results in the overall infection," said D Nageshwar Reddy, chairman of AIG Hospitals.

All the 91 participants were followed for 60 days to see if there're any adverse effects.

"The study conclusively showed that mixing of vaccines is absolutely safe as none of the participants developed any adverse effects," AIG Hospitals said.

Vax Cos to Revive Industry Body for Coordinating with Govt, Int'l Agencies

Viswanath.Pilla@timesgroup.com

Mumbai: Four leading Indian vaccine makers have decided to revive the largely defunct industry body called the Indian Vaccine Manufacturers Association (IVMA).

Top executives of Serum Institute of India (SII), Bharat Biotech, Biological E and Panacea Biotec huddled together towards the end of last year where they decided to resuscitate the body, and made it a first port of call for the industry, government, and international agencies, people in the know told ET.

The association will adopt an advisory and consulting role with the government, in addition to enhancing the image of the Indian vaccine industry globally, the people said.

An eight-member managing committee, with SII chief executive Adar Poonawalla as its president and Bharat Biotech chairman Krishna Ella as vice president, has been formed to run the association. "The association will work towards creating a synergy between three stakeholders — the industry, the government and the public — to build more simplified and transparent processes that assist everyone involved," Poonawalla said in the president's message.

A person privy to the meeting told ET that the IVMA will be based in Delhi.

Rising Covid Cases Lead to over 4k Flight Cancellations

Reuters

Over 4,000 flights were cancelled around the world on Sunday, more than half of them US flights, adding to the toll of holiday week travel disruptions due to adverse weather and the surge in coronavirus cases caused by the Omicron variant.

The flights cancelled by 6 pm GMT on Sunday included over 2,400 entering, departing from or within the United States, according to tracking website FlightAware.com. Globally, more than 11,300 flights were delayed.

Among the airlines with most cancellations were SkyWest and SouthWest, with 310 and 178 cancellations respectively, FlightAware showed.

The Christmas and New Year holidays are typically a peak time for air travel, but the rapid spread of the highly transmissible Omicron variant has led to a sharp increase in Covid-19 infections, forcing airlines to cancel flights as pilots and cabin crew quarantine.

Transportation agencies across the United States were also scrambling to reduce staffing requirements due to coronavirus-related staff shortages. Omicron has brought to a halt new cases and dampened New Year festivities around much of the world. The rise in US Covid cases had also led some companies to change plans to increase the number of employees working from their offices from Monday.

GST Liability of Swiggy, Zomato to Ease Restaurants' Compliance Burden: Officials

Our Bureau

New Delhi: Food delivery services, restaurants and cloud kitchens must treat e-Commerce Operators (ECOs) such as Swiggy and Zomato to reduce their compliance burden and for ease of doing business, government officials said.

The ECOs were collecting GST of 5% on these services prior to January 1, 2022 also. Now they will not only collect but will also pay the GST collected by them from the consumers directly to the Government, one of the officials said.

"This change has, in fact, freed restaurants and cloud kitchens from the requirement of paying taxes and filing returns etc. and will thus reduce their costs," the official said, adding that this is a trade facilitation measure which will provide a level playing field between standalone restaurants and cloud kitchens in the MSME sector to do business.

The GST Council has approved the shift in its September meeting. The liability to pay GST on these services supplied through ECO's was on the restaurants and cloud kitchens earlier.

Another official said a similar shift in the case of taxi or auto rickshaws would also not increase the levy payable by consumers. From January 1, 2022 GST of 5% is being levied on auto rickshaws booked through ECOs such as Ola and Uber.

Radio taxi and motor cabs booked through ECOs attracted a GST of 5% prior to January 1, 2022 also, the official added. "This will not put any GST compliance burden on the individual radio cab/auto operating through the ECOs. ECOs are organised players with sufficient IT and other infrastructure to meet the requirements associated with payment of GST," the official said, adding auto rickshaws hired offline continue to be exempt from GST.

The official said the move may actually help the individual offline auto rickshaw drivers in completing with organised players like Ola and Uber better.

On the January One shift in tax rate on "footwear sector, the official said the basic rates of 5% on footwear priced below Rs. 1000 and 12% on footwear above Rs. 1000 was creating perceived distortion and operational difficulties for the trade and industry.

The lower rate of 5% was resulting in inversion of duty as most of the raw materials used by manufacturers of footwear attract GST of 18%.

The ECOs will not only collect but also pay the GST collected by them from consumers directly to the govt, officials said

Deferred Orders, Slow Demand to Make Q1 Challenging for Exporters

Exporters of leather goods, garments, carpets begin to witness fall in orders from Europe

Kirtika.Suneja
@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness a fall in orders from Europe, requests to push deliveries by a few weeks, and queries related to various reverse restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country.

Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could dent India's exports in the first quarter of calendar 2022, they said.

"Queries have slowed as fear has set in among global buyers. Orders from Europe have slowed down and we expect retail sales to get hit," said Yogesh Chaudhary, director, Jaipur Rugs, one of India's largest manufacturers of hand-knitted rugs.

Buyers in the US, who were earlier asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary added.

Exporters said that buyers who had earlier predicted strong demand, are now reincreasing it for the next 2-3 months.

India's exports hit a nine-month low at $30.04 billion in November.

Aspet Rafiuspur Ahmed, chairman of Chennai-based Futuhs Group, one of India's largest shoe manufacturers and exporters, and a vendor to Adidas, Clarks, Marks & Spencer, Debenhams and Bally Shoes, among others, clients in the US are inquiring about the vaccine restrictions in India.

"We are running at full capacity now and maybe we can increase production a bit more to prepare for the bad days ahead. Business will get affected once the transport related restrictions come in place," Ahmed said.

A Delhi-based exporter of garments expects demand under flows as many activities are expected to shut down globally in the next few days once clients return from their holidays.

"We have tightened the Covid protocols in our manufacturing facility, allowing only double-vaccinated people and have mandated RTPCR test for asymptomatic returning from leave. Also, we are purchasing only a week's requirement," said Sanjay K Jain, managing director, TT Limited.

Lower demand coupled with flight cancellations, likely manpower crunch at ports and airports, and lockdowns across Europe will make the first quarter of 2022 challenging, according to Ajay Sahai, director general, Federation of Indian Export Organisations.

GST Evasion Investigation on Exchanges may Set Precedent for Tax Categorisation of Crypto Assets

Sachin.Dave@timesgroup.com

Mumbai: Even as the indirect tax department initiated investigations against several crypto exchanges for escaping Goods and Services Tax (GST) liability, it may have also set a precedent across the categorisation of crypto assets for taxation.

Legal experts have been debated on the categorisation – and tax treatment – of cryptocurrencies.

"They are not in a position to say whether a cryptocurrency is indeed a currency, a commodity, a service, or something else.

The Directorate General of GST Intelligence (DGGI) conducted searches and raids on several crypto exchanges and asked them to pay GST on their transactions from earnings.

The tax department's stand, say tax experts, could mean that at least part of what exchanges provide can be categorised as services.

"GST on cryptocurrency has been a subject matter of dispute from the taxability and valuation perspective," said Abhishek A Rastogi, Partner at Khaitan & Co. "Transaction fees are always paid by senders; these will be part of consideration as they persuade in cryptocurrency in response to the supply of services by the recipient of services, and cryptocurrencies are rewarded by the blockchain system (or the crypto miners on successful verification of transactions."

The tax department's stand to slap an 18% GST on the margins and services provided by the exchanges is similar to what commodity exchanges and other intermediaries follow today in India.

Crypto exchanges are seeking clarity on the issue.

"Currently, we don't have any opposing provisions in the GST and hence no taxation but are seeking clarity on the

CRYPTO CONUNDRUM

Legal experts are yet to converge on whether a cryptocurrency is indeed a currency, a commodity, a service, or something else

tax interpretations and are abiding by all norms," said Sumit Gupta, Co-founder & CEO at CoinDCX, a cryptocurrency exchange.

"There was an ambiguity in the interpretation, and we have complied and voluntarily paid GST. We have always been and will continue to be compliant with all tax-related matters," said a WazirX spokesperson.

DGGI has initiated investigations against all top exchanges, including WazirX, CoinSwitch, Kuber and CoinDCX.

Even industry bodies believe the tax department's stand is justified and will only bring in more clarity.

"The department (Dte) wants to check that all the brokerage/commission earned by exchanges has drawn GST at 18% and we agree with that," said Vikas Ahuja, Member of Blockchain and Crypto Assets Council (BACC).

"The core issues that certain Indian cryptocurrencies faced was arising the issue of the commission charged by service exchanges on transacting Crypto assets or native token. For example, a Indian exchange could allow users to transact in INR or through their native tokens," said Bittu Patel, CEO and co-founder of Mudrex.

There is currently no clarity on how much tax is levied on cryptocurrency under income tax or GST regulations. This is mainly because of the ambiguity around categorising cryptocurrencies such as Bitcoin and other assets.

Many exchanges have started stating that the whole issue was mainly around compliance and that they accepted the tax amount's stand.

Currently in India, there is a lot of ambiguity around the taxation of crypto assets and filing procedures," said Shivam Thakral, CEO at BuyUcoin, a cryptocurrency exchange.

India Seeks WTO Virtual Meet for Covid Response, TRIPS Waiver

Kirtika.Suneja@timesgroup.com

New Delhi: Amid the risingconcern of the Omicron variant of Covid-19 worldwide, India has asked for a virtual ministerial conference of the World Trade Organisation (WTO) on the pandemic response including a waiver from certain provisions of the global intellectual property rights agreement.

Last month, the WTO postponed indefinitely its ongoing 12th ministerial conference (MC12) that was to be held from November 30 to December 3 in Geneva, after the Omicron triggered alarm bells across the globe and the World Health Organisation called it a "variant of concern".

India and South Africa, supported by 64 WTO members, want waiver of certain provisions of copyrights, industrial designs, patents and protection of undisclosed information in the Trade-Related aspects of Intellectual Property Rights (TRIPS) agreement for prevention, containment or treatment of Covid-19. India wants the waiver proposal to be part of the WTO package in response to the pandemic.

"We have asked for a virtual ministerial conference on the pandemic response including TRIPS waiver," said an official.

However, the proposal is being blocked by the European Union, which has instead floated its own proposal underlining that the existing WTO provision of allowing governments to issue compulsory licences to non-patent holders for manufacture of patented medical products during public health emergencies is be further simplified.

Properties Linked to Unitech Money Laundering Being Dissipated: ED

Raghav.Ohri@timesgroup.com

New Delhi: An Enforcement Directorate (ED) investigation has revealed that properties involved in the money-laundering case against promoters of Unitech are being "actively dissipated" by those who have benefitted from the illegal crime, people aware of the matter said.

The agency claimed to have "intelligence inputs" which suggest that there is an attempt to shelter assets by individuals who are alleged to be involved in money laundering and benefitted — directly or indirectly — from the activity.

ED has recorded the statement of Yogesh Gupta, a nominee director of the Sunny Tribeni Group, and also a close confidant of the Chandras of Unitech. According to the agency, the Tribeni Kunj Group is "beneficially owned" and controlled by the Chandra family, especially Sanjay Chandra and his wife Pyari Chandra.

According to the agency, Gupta's examination has revealed that Sanjay Chandra's father, Ramesh Chandra, had in January 2021 sought his assistance in selling a property.

Expect Mobile Tariff Hike after 5G Auction

Mansi.Taneja@timesinternet.in

New Delhi: After raising tariffs by 20-25% recently, India's mobile operators may resort to another price hike this year-end, as the world's second-biggest market for telecom services prepares to usher in next-generation 5G services, analysts said.

While 5G services will allow telecom players to generate additional revenue streams, especially from the enterprise and digital services segment, it is widely expected to come at a huge cost. The biggest chunk of the additional costs will be the price of airwaves companies will have to pay in an auction.

The cost pressure, coupled with more headroom in market that still has one of the world's cheapest mobile data plans, will lead telcos to increase prices further, analysts said.

Leading telcos Reliance Jio, Bharti Airtel and Vodafone Idea (Vi) did not respond to ET's queries as of press time Monday.

Any increase will likely happen towards the end of 2022 and the final spectrum cost will determine the quantum of those hikes, analysts said.

"The recent price hike has been positive for the industry," said Nitin Soni, senior director, corporates, at Fitch Ratings. "Airtel and Jio have enough cash and capability while for Vodafone Idea the current hike won't be sufficient."

Soni expects companies to consider taking another round of price hike during the next 12 months after clarity emerges on the spectrum auction.

The Telecom Regulatory Authority of India (Trai) is expected to firm up its recommendations for auction of 5G spectrum by March or April, after which the Department of Telecommunications (DoT) will kick-start the auction process.

All the three private telcos are currently conducting 5G trials.

Despite the recent hikes, India's average mobile data price — around 9.0 GB per gigabyte is one of the lowest globally with the cheapest pack costing 9 paise per GB.

"The price per GB in China and South Korea is between $8-$10 per GB, with the cheapest plans costing anywhere between $0.4-$2 per GB," said Ishu Chaudhary, director at Crisil Research. "Thus, the industry (in India) has still room for more tariff hikes in the longer term," she said.

"However, we expect the price to remain in stable in the near term," Chaudhary said.

A Mumbai-based analyst said telcos will place their next action on tariffs once there is clarity on the 5G spectrum price, as the network will require investments on spectrum buying and infrastructure set up. The government's relief package to the telecom industry has given a breather to telecom carriers, especially Vodafone Idea, which has been struggling in a hyper-competitive three-private players' market. All the three operators raised prepaid mobile tariffs by 10-25 % recently, paving the way for further hikes.

Maruti Most Popular in 2021 with 8 Bestsellers

Automaker marks best performance in decade with 8 models in top 10

@timesgroup.com

New Delhi: Maruti Suzuki continued to rule Indian roads with eight of the 10 best-selling models coming from the company's stable in calendar year 2021 — the highest number in more than a decade. Seven of the top 10 most popular vehicles in the local market belonged to the Maruti Suzuki family in 2021. The company's tally in the best-sellers list stood at 5 in 2011.

Interestingly, in a country where consumers swerving towards a preference for SUVs, Maruti Suzuki Wagon R emerged as the highest-selling model with sales of 253,161 units in 2021. In fact, hatchbacks cornered the top four slots in domestic sales last year with Maruti Suzuki Swift clocking in 171,032 units, Maruti Suzuki Baleno recording wholesale of 173,241 units and Maruti Suzuki Alto 800 bringing in 166,353units.

"If you look at the entire year, excepting the couple of months which saw disruptions (due to the second wave), hatchbacks managed to maintain market shares of 45-47% as in the last 6 years. SUVs are growing at the expense of sedans," said Shashank Srivastava, senior executive director (marketing and sales) at Maruti Suzuki. The company commanded a 46% share of hatchbacks as against 47% in 2020.

In the sports utility vehicle segment – where 13 brands battled it out for customer attention – Hyundai Creta emerged the winner with sales of 125,407 units in 2021. Maruti Suzuki Vitara Brezza and Tata Nexon to remain the other way into the top 10 list with sales of 115,362 units and 106,357 units, respectively.

Srivastava said, "Maruti Suzuki Vitara Brezza dominated sales in the entry SUV segment.

The mid SUV segment (where the company does not have a product) dragged down market share in the category." Maruti Suzuki's share in SUV soared to 12% in 2021. Led by Creta SUV, Hyundai Motor India consolidated its position as the leader in the SUV segment in 2021.

GST Liability of Swiggy, Zomato to Ease Restaurants' Compliance Burden: Officials

Our Bureau

New Delhi: Food delivery services, restaurants and cloud kitchens must react to Goods and Services Tax Council's (GSTC) since November 2017 and may the liability to pay tax has been shifted to electronic commerce operators (ECOs) such as Swiggy and Zomato to reduce their compliance burden and for ease of doing business, government officials said.

The ECOs were collecting GST of 5% on these services prior to January 1, 2022 also. Now they will not only collect but will also pay the GST collected by them from the consumers directly to the Government, one of the officials said.

"This change has, in fact, freed restaurants and cloud kitchens from the requirement of paying taxes and filing returns etc. and will thus reduce their costs," the official said, adding that this has made facilitation measure which will provide desired benefit to restaurants and cloud kitchens in the MSME sectors to do business.

The GST Council has approved the shift and its September meeting. The liability to pay GST on these services supplied through ECO's was on the restaurants and cloud kitchens earlier.

Another official said in similar shift in the case of taxi or auto rickshaws would also not increase the ferry passengers by consumers. From January 1, 2022 GST of 5% is being levied on auto rickshaws booked through ECOs such as Ola and Uber.

Radio taxi and motor cabs booked through ECOs attracted a GST of 5% prior to January 1, 2022 also, the official added. "This will not put any GST compliance burden on the individual auto rickshaws operating through the ECOs. ECOs are organised players with sufficient IT and other infrastructure to meet the requirement associated with payment of GST," the official said, adding auto rickshaws hired offline continue to be exempt from GST.

The official said the move may actually help the individual auto rickshaw drivers in competing with organised players like Ola and Uber better.

The ECOs will not only collect the GST collected by them from consumers directly to the govt, officials said

Deferred Orders, Slow Demand to Make Q1 Challenging for Exporters

Exporters of leather goods, garments, carpets begin to witness fall in orders from Europe

Kirtika.Suneja
@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness a fall in orders from Europe, requests to push deliveries by a few weeks, and queries related to virus restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country.

Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could dent India's exports in the first quarter of calendar 2022, they said.

"Queries have slowed as fear has set in among global buyers. Orders from Europe have slowed down and we expect retail sales to get hit," said Yogesh Chaudhary, director, Jaipur Rugs, one of India's largest manufacturers of hand-knitted rugs.

Buyers in the US, who we source for are asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary said.

Exporters said that buyers who had earlier predicted strong demand, are now recommending it for the next 2-3 months.

India's exports hit a nine-month low at $30.04 billion in November.

Aspet Rafiuspur Ahmed, chairman of Chennai-based Farida Group, one of India's largest shoe manufacturers and exporters, and a vendor to Adidas, Clarks, Marks & Spencer, Debenhams and Hush Puppies, among others, clients in the US are inquiring about the vaccines restrictions in India.

"We are running at full capacity now and maybe we can increase production a bit more to prepare for the bad days ahead. Business will get affected once the transport-related restrictions come in place," Ahmed said.

A Delhi-based exporter of garments expects delivered under Duns as many activities are expected to shut down globally in the next few days once clients return from their holidays.

"We have tightened the Covid protocols in our manufacturing facility, allowing only double-vaccinated people and have mandated RTPCR test for asymptomatic returning from leave. Also, we are purchasing only a week's requirement," said Sanjay K Jain, managing director, TV Limited.

Lower demand coupled with flight cancellations, likely manpower crunch at ports and airports, and lockdowns across Europe will make the first quarter of 2022 challenging, according to Ajay Sahai, director general, Federation of Indian Export Organisations.

India Seeks WTO Virtual Meet for Covid Response, TRIPS Waiver

Kirtika.Suneja@timesgroup.com

New Delhi: Amid the risingconcern of the Omicron variant of Covid-19 worldwide, India has asked for a virtual ministerial conference of the World Trade Organisation (WTO) on the pandemic response including a waiver from certain provisions of the global intellectual property rights agreement.

Last month, the WTO postponed indefinitely its ongoing 12th ministerial conference (MC12) that was to be held from November 30 to December 3 in Geneva, after the Omicron triggered alarm bells across the globe and the World Health Organisation called it a "variant of concern".

India and South Africa, supported by 61 WTO members, want waiver of certain provisions of copyrights, industrial designs, patents and protection of undisclosed information in the Trade-related aspects of Intellectual Property Rights (TRIPS) agreement for prevention, containment or treatment of Covid-19. India wants the waiver proposal to be part of the WTO package in response to the pandemic.

"We have asked for a virtual ministerial conference on the pandemic response including the TRIPS waiver," said an official.

However, the proposal is being blocked by the European Union, which has instead floated its own proposal.

Probe may Set Precedent for Tax Categorisation of Crypto Assets

Sachin.Dave@timesgroup.com

Mumbai: Even as the indirect tax department initiated investigations against several crypto exchanges for escaping Good and Services Tax (GST) liability, it may soon be set a precedent around the categorisation of crypto assets for taxation.

Legal experts have long debated on the categorisation - and tax treatment - of cryptocurrencies. They are set to converge on whether a cryptocurrency is indeed a currency, a commodity, a service, or something else.

The Directorate General of GST Intelligence (DGGI) conducted searches and raids on several crypto exchanges and asked them to pay GST on their transaction fees or margins.

The tax department's stand, say tax experts, could mean that at least part of what exchanges provide can be categorised as services.

"GST on cryptocurrency has been a subject matter of dispute from the inception. In a judgment, Partner at Khaitan & Co, "Transaction fees are always paid by sellers; these will be part of consideration as they are made in cryptocurrency in response to the supply of services by the recipient of services, and crypto currencies are rewarded by the blockchain system to the crypto miners on successful verification of transactions."

The tax department's stand to levy an 18% GST on the margins and services provided by the exchanges is similar to what commodity exchanges and other intermediaries have been asked to pay.

"Currently, a vendor who uses crypto-specific provisions in the GST and Income tax laws but are seeking clarity on the tax interpretations and subsequently pay an 18% GST on the exchange revenues/receivables and various charges," said Sumit Gupta, Co-founder & CEO at CoinDCX, a cryptocurrency exchange.

"There was an ambiguity in the interpretation, and we have complied and voluntarily paid GST. We have always been and will continue to be compliant with all tax-related matters," said a WazirX spokesperson.

DGGI has initiated investigations against all top exchanges, including WazirX, CoinSwitch, Kuber and CoinDCX.

Even industry bodies believe the tax department's stand is justified and will only bring in more clarity.

"The department (Tax) seems to check that all the brokerage-commission earned by exchanges has drawn GST but IAMAI's and we agree with that," said Vikas Ahuja, Member of Blockchain and Crypto Assets Council (BACC).

"The core issue is that certain Indian crypto exchanges faced woes along the lines of the commission charged by some exchanges as on transacting through their native token. For example, an Indian exchange could allow users to transact via INR or through their native token," said Rohit Patil, CEO and co-founder of Mudrex.

There is currently no clarity on how much tax is levied on cryptocurrency under income tax or GST regulations. This is mainly because of the ambiguity around considering cryptocurrencies such as Bitcoin and other assets.

Many exchanges have started stating that the whole issue was mainly around compliance and that they accepted the tax-man's stand.

"Currently in India, there is a lot of ambiguity around the taxation of crypto assets and filling procedures, said Shivam Thakral, CEO of BuyCoin, a cryptocurrency exchange in India.

Asto whether they can be treated similarly to currency, equity, gold, technology, services, or like a lottery, income tax rates on returns from different exchanges separate and range from 10% to 30%. The GST rates could vary from nil to 28% depending on how cryptocurrency is categorised.

Darjeeling Tea Production Falls to Record Low in 2021

Sutanuka.Ghosal@timesgroup.com

Kolkata: Production of Darjeeling tea, one of the most popular tea varieties globally, has plummeted to 6.5 million kg in 2021, the lowest on record and just half of the 13 million kg produced three decades ago.

Climate change, closure of gardens, high level of absenteeism among tea workers, losing export markets due to agitation in the hills in 2017 and very little effort to promote the Darjeeling tea in the domestic market have led to the fall in production.

Darjeeling planters fear that if the government does not ramp up with a revival package, then Darjeeling tea, the flagbearer of the Indian tea industry will get lost industry just like the tens from Himachal Pradesh's Palampur.

Talking to ET, Binod Mohan, a Darjeeling planter and director/chairman of the Darjeeling Tea Association, said: "Production was declining over the years but very little attention being given by the government, both at the state and the Centre. The agitation in the hills in 2017 by the Gorkha Janmukti Morcha resulted in the closure of the gardens for a period of four months. This closure impacted the health of the tea bushes as they were not pruned, and we lost scores of the major buyers of Darjeeling tea from Japan."

Rampant absenteeism in the hills have led to lower plucking of teas, which in turn has lowered the production of Darjeeling tea, the first GI (Geographical Indication) product from India. At times, nearly half the workers remain absent. Till a few years ago, the 87 estates of Darjeeling tea were producing 10-11 million kg of tea annually. Modhav Sarda, managing director, Golden Tea Tips, said a depleting labour force and lack of mechanisation have played a major role. "The previous generation of workers are now mostly retired and their offsprings are no longer allured by the idea of continuing their parents' work owing to increased education as well as aspirations. Mechanisation, which is crucial to increase yield, has not taken off in the region due to the inhospitable terrain," he added.

There is no effort from the Tea Board to promote Darjeeling tea in the domestic market, he added.

even though the crore buyers planters said.

Also, five-six gardens which used to produce good volumes of Darjeeling tea are closed now. This too is impacting the overall tea production of the hills.

Most of Darjeeling's first flush and second flush teas are exported. However, selling in autumn and autumn flushes pose a challenge to the trade. First flush Darjeeling teas have fetched prices as high as Rs 10 lakh per kg.

"Soon Darjeeling tea gardens may get lost in history ... The industry needs an all-out support from all the stakeholders, including the central government" said Subhasish Sanyal, senior advisory officer and principal scientist at the Tea Research Association.

Unemployment Reaches 4-Month High in Dec: CMIE

The urban unemployment rate was at 9.30 per cent in December from 8.21 per cent in November 2021

Mumbai: Unemployment rate in the country touched a four-month high of 7.91 per cent in December 2021, data from the Centre for Monitoring Indian Economy (CMIE) showed on Monday. The unemployment rate had stood at 7 per cent in November, the highest since August which was at 8.1 per cent, according to the CMIE data.

The urban unemployment rate soared 9.30 per cent in December from 8.21 per cent in November 2021, while the unemployment rate in rural areas stood at 7.29 per cent from 6.48 per cent in the previous month, according to the data.

CMIE Managing Director and CEO Mahesh Vyas told PTI that in December 2021, the number of jobs increased but the number of jobseekers was even higher.

"This is a good sign as the influx into the labour market was high. Around 8.3 million additional people were looking for jobs. However, four million jobseekers got employment," he stated. – PTI

Over 40 L Teens Take the Shot on Day One of New Vaccination Drive

Registration in 15-17 age group rose to over 50 lakh on Monday

Our Political Bureau

New Delhi: As India rolled out Covid-19 vaccination for the 15-17 years age group on Monday, over 40 lakh teenagers took the shot.

The first day of the rollout saw the registration in the age group climb up manifold from 721,328 on Sunday night to over 5,021,790 on Monday night.

The Centre had allowed vaccination of teenagers both through registration on Co-WIN and on-site registration.

This saw many parents taking their children to the Covid vaccination centres and doing on-spot registration. By 2 pm on Monday, 4,042,780 teenagers had been vaccinated.

The target is big as the union ministry of health and family welfare statistics put the estimated eligible number in this age group at 7.43 crore.

The day was marred by complaints of parents that their vaccination appointment got cancelled. A parent, who did not wish to be identified, said, "Our slot was for 1.30 pm. We got a call from the hospital at 1 pm that our appointment has been cancelled. We were informed that all visits are being rescanned to check pregnancy and they will be sent back again after 15 days after reliable lag."

This created confusion as parents complained that their children were being given expired vaccine. Another parent tweeted, "Vaccinator at Apollo Hospitals workbliss site Twitter saying, "When we went to the centre we realised that the vaccine had already expired in November. Then we were shown a letter which stated the shelf life had been extended. "India has allowed only Covaxin to be administered to the 15-17 age group.

The health ministry, however, denied this in any wrongdoing, in a written statement, the health ministry said. "There have been some media reports alleging that expired vaccines are being administered in India under the national Covid-19 vaccination programme. This is false and misleading and based on incomplete information."

The ministry said that the Central Drugs Standard Control Organisation (CDSCO) on October 25, 2021, in response to Bharat Biotech letter, had approved the extension of shelf life of Covaxin from 9 months to 12 months. Similarly, the shelf life of Covishield has also been extended from 6 months to 9 months.

84% Tests Sent for Sequencing were of Omicron Variant in Delhi

Our Political Bureau

New Delhi: Over 81% of all Covid-19 samples sent for genome sequencing in Delhi were of Omicron variant, Delhi health minister Satyendar Jain said on Monday. Genome sequencing reports of December 30-31 have found Omicron strain in 81% of samples, Health Minister Satyendar Jain said. Delhi has reported a high positivity of 6.5%. The Omicron variant has spread to 23 states in India. Maharashtra is the worst-affected state with 510 cases, followed by Delhi with 464 infections.

Jain said there is no shortage of medicines, staff in state-run hospitals and clinics. He said the cases are expected to peak in another week in Delhi but it cannot be predicted.

"As per genome sequencing reports of December 30-31 from three labs - at Institute of Liver and Biliary Sciences, Lok Nayak Hospital and National Centre for Disease Control - 81% samples were infected with Omicron. Most of the cases are of Omicron," Jain said in the Delhi assembly.

Tough Steps Soon if Cases Continue to Rise: Maha Dy CM

Krishna.Thevar
@timesgroup.com

Mumbai: The Maharashtra government is on the verge of imposing more severe restrictions in the wake of rising cases of Covid. Deputy chief minister Ajit Pawar on Monday said the state would have to take some 'tough steps if cases continue to rise.

The state could take steps like West Bengal, which had imposed lockdown, Bloomberg.

"State like West Bengal have already imposed a lockdown, other states too have imposed a lockdown in the night. If cases continue to increase, then we would have to take some tough decisions," said Pawar.

Maharashtra's relief and rehabilitation minister Vijay Wadettiwar also agreed to Pawar. Wadettiwar and chief minister Uddhav Thackeray is favourably disposed to imposing tougher restrictions in the state. Interestingly, the Maharashtra government ministers don't seem to be on the same page as only a day earlier, health minister Rajesh Tope said there was no discussion of a lockdown.

Maharashtra saw 11,877 cases on Sunday. After night cap, Mumbai had around 350 to 300 cases per day that has now jumped to 8,063 cases. On Monday, the city reported another 8,082 cases. The numbers are expected to rise from Tuesday as the weekends usually see low testing.

While the BMC has said that only 303 of the 8,063 cases had been hospitalised and of which 95 cases needed oxygenated beds, a state government official said that the figures are worrying. "We expect cases to shoot up to 15,000 to 20,000 cases per day in Mumbai, so this 500 patients needing hospitalisation would also increase and that we did cause put strain on the health infrastructure," said a state government official.

BMC's Classification of New Cases Seen to be Misleading, Say Doctors

MUMBAI | NEW DELHI: The Brihanmumbai Municipal Corporation (BMC) has defined whatever to break-use of symptomatic and asymptomatic new cases. is seem to be adding to some confusion. BMC says any patient in its cases are those who don't exhibit any active symptoms. Gulshan Shah, the deputy executive head at the Dept of BMC, told ET that the reason for giving clinical upon the cases is to reflect the severity of the wave.

But doctors point out that classifying every cases as asymptomatic can be misleading, as some people are pre-symptomatic and can develop symptoms in subsequent days.

"To avoid confusion, the bulletin should specify home isolation versus hospitalisation cases," said Mandar Kurtkoti, director, Infectious Diseases & Pulmonary Care, a Mumbai-based healthcare company. – **Viswanath Pillai & Teena Thacker**

Experts Warn of a Third Wave as Cases, Hospitalisations Rise

Deaths have increased from average two weeks ago; polls could become a super spread event

Teena.Thacker
@timesgroup.com

New Delhi: Public health experts say India is hurtling towards the third wave as reports of the country see surge in the number of Covid threats and hospitalisation numbers begin to inch up.

In the last one week, there has been an exponential increase in numbers and the disease is indicative that a new phase of pandemic has begun. Can we call it the beginning of a third wave?

"Of course," said Anurag Agrawal, chief, member of the WHO's technical advisory group on SARS-CoV-2 virus evolution. "We have both the necessary ingredients. A new variant (Omicron) capable of causing a new wave, and rising infections associated with increase in Omicron," he told ET.

Goutam Menon, professor of physics and biology at the Ashoka University, said the steep rise in cases seen in Delhi, Mumbai and Kolkata is comparable to that seen in South Africa and a number of countries in Europe a few weeks ago, which have been consecutively attributed to the Omicron variant.

"Cases from Delhi had shrunk to less than 10,000 daily across India and an emergence of Delta cases is very unlikely. The most crucial information is that we are entering a new stage of the pandemic, one associated with a new variant, the Omicron variant, and that cases will increase consequently," he said.

New Delhi: Mankind Pharma is all set to launch the cheapest molnupiravir, the Covid-19 antiviral drug this week, at ₹35 per capsule, its chairman told ET.

The full treatment of Mankind's (brand name) is expected to cost between ₹1,000-₹1,000 for the full treatment by other companies, people in the know told ET. Most of the firms had entered into a non-exclusive voluntary licensing agreement with Merck Sharpe Dohme (MSD) to manufacture and supply molnupiravir in India and to over 100 low- and middle-income countries (LMICs).

Cipla plans to launch molnupiravir under the Cipmolnu brand. Cipmolnu 200mg capsules will soon be available at leading pharmacies. Covid treatment centres across the country.

The recommended dose of the molnupiravir is 800 mg twice a day for five days. A patient needs to take 40 capsules of 200 mg dosage form. The oral pill will be manufactured by Hyderabad pharmaceutical and its own active ingredient, Cipla, Sun Pharma, Dr Reddy's, Natco, Mylan and Hetero. The drug is approved for restricted use under emergency situation for treatment of adult patients who have a high risk of progression of Covid-19.

Molnupiravir developed by MSD and Ridgeback Biotherapeutics was approved by the UK Medicines and Healthcare Products Regulatory Agency (MHRA) and USFDA for the treatment of mild-to-moderate Covid-19 at high risk of developing severe disease.

In the coming days Cipla, Sun Pharma and Dr. Reddy's Laboratories could also be launching molnupiravir capsules. The drug is expected to cost between ₹1,000-₹1,000 for full treatment by other companies, people

'Antibodies Up 4-fold After Mixing Covishield and CovaxinVaccines'

Viswanath.Pillai
@timesgroup.com

Mumbai: A mix match pilot study of Covishield and Covaxin conducted by Hyderabad-based AIG Hospitals has found out that the neutralising antibodies found in the mixed vaccine groups were four times higher than the same-vaccine groups. The mixing of vaccines didn't point to any safety issues, the study said.

As part of the study, a total of 330 healthy volunteers who were not vaccinated and had no history of Covid infection were selected and screened for SARS-CoV-2 antibodies for the study. Out of these 330, 44 or 13% participants were found to be seronegative, or didn't have Covid-related antibodies, indicating high level of seropositivity.

The 44 participants were divided into four groups. Two groups were homologous in which the same vaccine was given as boosters.

The third and fourth groups were the heterogenous vaccine groups in which they received first dose as Covishield and second as Covaxin; and the fourth received first of Covaxin and second dose of Covishield.

Group 1 and 4 were the heterogenous vaccine groups in which different vaccines were given and antibody titers were checked.

The study found that it was the first and second dose are of different vaccines, the single protein antibody response is four times higher compared to two doses of the same vaccine. "Spike protein neutralizing antibodies are the agents that kill the virus and reduce the viral infection," said D Nageshwar Reddy, chairman of AIG Hospitals.

All the 44 participants were followed for 60 days to see if there're any adverse effects.

"The study came back and showed that mixing of vaccines is absolutely safe as none of the participants developed any adverse effects," AIG Hospitals said.

AIG Hospitals said it has shared the data from the study with the Indian Council for Medical Research (ICMR) to be considered as a reference study while deciding on the "prevention" does starting January 10.

Key Findings

330 healthy volunteers participated

44 participants were divided into 4 groups

44 or 13% participants were found to be seronegative

Two groups were homologous & 2 heterogenous

Volunteers were not vaccinated and had no history of CoVID infection

Deferred Orders, Slow Demand to Weigh on Exporters in Q1

Exporters of leather goods, garments, carpets begin to witness fall in orders from Europe

Kiritika.Suneja
@timesgroup.com

New Delhi: Indian exporters of leather goods, garments and carpets have begun to witness fall in orders from Europe, in quest to push deliveries by a few weeks, amid queries related to various restrictions being put in place to control the rapidly rising cases of the Omicron variant of Covid-19 in the country.

Likely manpower crunch, especially in logistics, high freight and restrictions across the globe, could dent India's exports in the first quarter of calendar 2022, they said.

"Queries have slowed as fear has set in among global buyers. Orders from Europe have slowed down and we expect retail to let go bit," said Yogesh Chaudhary, director, Jaipur Rugs, one of India's largest manufacturers of hand-knitted rugs.

Buyers in the US, who were earlier asking for earlier delivery of their orders, have delayed it by a few months, Chaudhary said.

Exporters said that buyers who had earlier predicted strong demand, are now re-forecasting it for the next 3-3 months.

India's exports hit a nine-month low at $36.06 billion in November.

As per Baboojee Ahmed, chairman of Chennai-based Fariha Group, one of India's largest shoe manufacturers and vendor to Adidas, Clarks, Marks & Spencer, Debenhams and Bally Shoes, among others, clients in the US are inquiring about the various restrictions in India.

"We are running at full capacity now and maybe we can increase production a bit more to prepare for the lead days ahead. Business will get affected once the transport-related restrictions come in place," Ahmed said.

A Delhi-based exporter of garments expects deferred order flows as many activities are expected to shut down globally in the next few days as our client return from their holidays.

"We have tightened the Covid protocols in our manufacturing facility, allowing only double-vaccinated people and have mandated RTPCR test for anyone returning from leave. Also, we are purchasing only a week's requirement," said Sanjay K Jain, managing director, TTE.

Lower demand coupled with flight cancellations, likely manpower crunch at ports and airports, and lockdowns across Europe will make the first quarter of 2022 challenging, according to Ajay Sahai, director general, Federation of Indian Export Organisations.

India reported 16,764 new Covid cases on Thursday and the Omicron case tally has risen to 961.

GST Liability of Swiggy, Zomato to Ease Restaurants' Compliance Burden: Officials

Our Bureau

New Delhi: Food delivery services, restaurants and cloud kitchens attract a Goods and Services Tax of 5% since November, 2017 and only the liability to pay has been shifted to electronic commerce operators (ECO) such as Swiggy and Zomato to reduce their compliance burden and fear-free ease of doing business, government officials said.

The ECOs were collecting GST of 5% on these services prior to January 1, 2022 also. Now they will not only collect but will also pay the GST collected by them from the consumers directly to the Government, one of the officials said.

"This change has, in fact, freed restaurants and cloud kitchens from the requirement of paying taxes and filing returns etc and will thus reduce their costs," the official said, adding that this is a trade facilitation measure which will make it easier for the restaurants and cloud kitchens in the MSME sector to do business.

The ECOs will not only collect but also pay the GST collected by them from consumers directly to the govt, officials said

The GST Council had approved the shift at its September meeting. The liability to pay GST on services supplied through ECO's was on the restaurants and cloud kitchens earlier. Another official said a similar shift in the case of taxi or auto rickshaws would also not increase the levy payable by consumers. From January 1, 2022 GST of 5% is being levied on "auto rickshaws hailed through ECOs such as Ola and Uber. Radio taxi and motor cabs booked through ECOs are attracted a GST of 5% prior to January 1, 2022 also, the official added. "This will not put any GST compliance burden on the individual auto rickshaws operating through the ECOs. ECOs are organised players with sufficient IT and other infrastructure to meet the requirements associated with payment of GST," the official said, adding auto rickshaws hired/ride continue to be exempt from GST.

The official said the move will actually help the individual offline auto rickshaw drivers in competing with organised players like Ola and Uber better.

नागपूर : राष्ट्रीय व्याघ्र संवर्धन प्राधिकरणाच्या संकेतस्थळावरील वाघांच्या मृत्यूची नोंद आणि गेल्या अनेक वर्षांपासून ही नोंद घेणाऱ्या 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेने केलेली वाघांच्या मृत्यूची नोंद यात तब्बल १२ मृत्यूंची तफावत आढळून आली आहे. त्यामुळे हे १२ वाघ नेमके गेले कुठे, असा प्रश्न वन्यजीव अभ्यासकांनी उपस्थित केला आहे.

दरम्यान यावर्षी वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ झाली असून मध्यभारतातील लँडस्केपमध्ये (महाराष्ट्र, मध्यप्रदेश, छत्तीसगड) सर्वाधिक ५४ टक्के वाघ मरण पावले आहेत. राष्ट्रीय व्याघ्रसंवर्धन प्राधिकरणाच्या अहवालात १२७ वाघ तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेच्या अहवालात १३९ वाघ मृत्युमुखी पडल्याची नोंद आहे. प्राधिकरणाच्या आकडेवारीनुसार २०२१च्या पहिल्या सहा महिन्यांत (जानेवारी ते जून २०२१) ७७ वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' संस्थेच्या अहवालानुसार ८६ वाघ मृत्युमुखी पडले आहेत. प्राधिकरणाच्या अहवालात शेवटच्या सहा महिन्यात (जुलै ते ऑक्टोबर २०२१) ५० वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेच्या अहवालात १३ वाघ मृत्युमुखी पडले आहेत. प्रत्यक्षात त्याहून अधिक वाघ मृत्युमुखी पडल्याचा अंदाज वन्यजीव अभ्यासकांनी व्यक्त केला होता. 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' या संस्थेने रविवारी त्यांचा अहवाल जाहीर केल्यानंतर हा अंदाज खरा ठरला आहे. २५ ऑगस्ट आणि २१ डिसेंबरला मृत वाघांचे अवयव जप्त करण्यात आले. प्राधिकरणाने ते मृत्यूच्या श्रेणीत नमूद केले आहे.

'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेनेदेखील त्याची मृत्यू म्हणून नोंद केली आहे. याव्यतिरिक्त संस्थेच्या अहवालात कोणत्याही अवयव जप्तीचा उल्लेख नाही. प्राधिकरणाच्या अहवालात मात्र नऊ वाघांच्या अवयव जप्तीचा उल्लेख आहे. संस्थेचे सदस्य, वनविभागाचे अधिकारी, वृत्तपत्रातील अहवाल, विविध वनक्षेत्रातील स्थानिकांकडून मिळालेल्या माहितीच्या आधारे संस्थेने हा अहवाल तयार केला आहे.

"रेषीय विकास प्रकल्प तसेच जंगलतोड यामुळे वाघांचा अधिवास कमी होत आहे. परिणामी, अधिवास, अस्तित्वासाठी आपापसात वाघांच्या लढाया होत आहेत. यातून होणारे मृत्यू नैसर्गिक मृत्यूमध्ये मोडले जात असले तरीही माणसाने ही परिस्थिती निर्माण केली आहे, हे नाकारून चालणार नाही. याचबरोबर शिकार, वीजप्रवाह, रस्ते अपघात यामुळे वाघांच्या मृत्यूंची संख्या वाढत आहे. - सरोश लोधी, संस्थापक, 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ'

व्याघ्र संरक्षणासाठी सर्व विभागांनी समन्वयाने काम करावे

मुख्यमंत्री उद्धव ठाकरे यांचे अधिकाऱ्यांना आदेश

लोकसत्ता विशेष प्रतिनिधी

मुंबई : राज्यात व्याघ्र संरक्षणासाठी महावितरण, पोलीस, महसूल तसेच वन विभागांसह सर्व संबंधित विभागांनी एकत्र येऊन समन्वयाने काम करावे तसेच जिल्हास्तरावर पोलीस अधीक्षक यांच्या अध्यक्षतेखाली स्थापन करण्यात आलेल्या व्याघ्र कक्षाच्या बैठका नियमित घेण्याचे आदेश मुख्यमंत्री उद्धव ठाकरे यांनी सोमवारी दिले.

वन विभागाच्या आढावा बैठकीत मुख्यमंत्री बोलत होते. दुरचित्रसंवादाच्या माध्यमातून झालेल्या या बैठकीस पर्यावरण मंत्री आदित्य ठाकरे, मुख्यसचिव देबाशिष चक्रवर्ती, पोलीस महासंचालक संजय पांडे, प्रधान मुख्य वनसंरक्षक (वनबल प्रमुख) जीतसिंह, प्रधान मुख्य वनसंरक्षक (वन्यजीव) सुनील लिमये यांच्यासह इतर वरिष्ठ अधिकारी उपस्थित होते.

राज्य वन्यजीव मंडळाच्या १६ व्या बैठकीत जाहीर करण्यात आलेल्या १० पैकी ८ संवर्धन राखीव क्षेत्राची अधिसूचना जारी करण्यात आल्याची माहिती देण्यात आली. उर्वरित दोन संवर्धन राखीव क्षेत्र अधिसुचित करण्याची कार्यवाही सुरू असल्याची माहिती प्रारंभी देण्यात आली. राज्यात एकूण ७१ संरक्षित क्षेत्रे अधिसूचित करण्यात आली आहेत. यात सहा व्याघ्र प्रकल्प आहेत. राष्ट्रीय व्याघ्र संवर्धन प्राधिकरण व भारतीय वन्यजीव संस्थेने केलेल्या गणनेत राज्यात ३१२ वाघांची संख्या असल्याचे दिसते. फक्त चंद्रपूर जिल्ह्यात २०० वाघ आढळून येत असल्याने तिथे मानव वन्यजीव संघर्षाच्या घटना वारंवार घडताना दिसतात. त्यावर उपाययोजना करण्यासाठी विशेष अभ्यासगटाने दिलेल्या शिफारसी राज्य वन्यजीव मंडळाच्या बैठकीत मान्य केल्या असून त्यावर कार्यवाही सुरू असल्याची माहिती देण्यात आली. चार व्याघ्र प्रकल्पात विशेष व्याघ्र संरक्षण दल स्थापन करण्यात आले आहे. सर्व व्याघ्र प्रकल्प क्षेत्रात अतिसंवदेनशील क्षेत्रात बिनतारी संदेश यंत्रणा कार्यान्वित करण्यात आली आहे.

भविष्यकालीन व्यवस्थापनाचे नियोजन

वन व्यवस्थापन करतांना वाघांची वाढणारी संख्या लक्षात घेऊन त्याच्या भविष्यकालीन व्यवस्थापनाचे नियोजन करण्यात यावे. ज्या ठिकाणी वन्यजीवांचे अपघात होतात अशी क्षेत्रे निश्चित करून तिथे आवश्यक त्या पर्यायी उपाययोजना कराव्यात. जंगलात विकासकामे विशेषत: रेल्वे लाईनचे नियोजन करतांना राज्याच्या वन विभागाशी चर्चा करून नियोजन करण्याच्या सूचनाही त्यांनी यावेळी केल्या.

उजनी जलाशयात दुर्मीळ बीनहंस पक्ष्यांचे प्रथमच आगमन

लोकसत्ता प्रतिनिधी

सोलापूर : स्थलांतरित पक्ष्यांसाठी नंदनवन ठरलेल्या उजनी जलाशयावर यावर्षी युरोपातून हिवाळी पाहुणा पक्षी म्हणून 'बीनहंस' पहिल्यांदाच येऊन दाखल झाला आहे. अकलूज येथील पक्षी निरीक्षक ऋतुराज कुंभार व दिग्विजय देशमुख या वन्यजीव छायाचित्रकारांनी नुकतेच आपल्या कॅमेऱ्यात बीनहंसाची छबी कैद केली आहे. हंस गणातील कलहंस हे यापूर्वी या ठिकाणी अनेक वेळा आल्याची नोंद आहे. मात्र बीन हंस पक्षी, उजनी धरण निर्मितीनंतर पहिल्यांदाच आला आहे. तो सध्या भिगवणच्या जवळपास पसरलेल्या विस्तीर्ण पाणफुगवट्यावरील उथळ पाण्याच्या ठिकाणी पट्टकदंब हंसांच्या थव्यात विहार करताना दिसतो.

दरवर्षी हिवाळ्यात रशियाजवळच्या युरेशिया, सायबेरिया, मंगोलिया येथून पट्टकदंब हंस, चक्रवाक बदक, पाणटिवळे, धोबी व अन्य स्थलांतरित पक्षी हिमालयाची हिमशिखरे ओलांडून भारतीय उपखंडात येऊन दाखल होतात. पुढे तीन-चार महिने विविध राज्यांतील जलस्थानांवर वास्तव्य करून पुन्हा आपल्या मूळ प्रदेशाकडे निघून जातात. या पक्ष्यांच्या संगतीने युरोपातील ब्रिटन, नॉर्वे, कॅनडा येथील बर्फाच्छादित प्रदेशातील काही टुन्ड्रा व टायगा हंसपक्षी भरकटत भारतात येतात. त्यातलाच हा प्रकार म्हणजे या वेळी उजनीवर बीन हंस येऊन दाखल झालेला आहे.

इंग्रजीत 'बीनगूज' म्हणून ओळखला जाणारा हा हंसपक्षी स्थानिक बदकांपेक्षा आकाराने मोठा आहे. त्याचे डोके गोलाकार आहे. चोच जड व गडद तपकिरी रंगाची असून त्यावर मध्यभागी नारंगी डाग दिसून येतो. त्याचे पाय नारंगी रंगाचे असून पायांची बोटे पातळ पापुद्र्यांनी जोडलेली असतात. पंख गडद तपकिरी पिसांचे असतात. हा हंसपक्षी पूर्णपणे शाकाहारी असून तो पाणवनस्पतीचे खोड व पाणथळ जवळच्या पिकांची पाने, बिया या खाद्यांवर गुजराण करतो. सुमारे पंचवीस वर्षे आयुर्मान लाभलेला हा हंस सामान्यपणे अडीच ते तीन किलो वजनाचा असतो. उजनीवर कधीकधी भरकटत येणाऱ्या कलहंस व बीनहंस यामध्ये बरेच साम्य असते.

युरोपातील नॉर्वे व ब्रिटनपासून रशियाच्या युरेशिया भागातील टुंड्रा व टायगा प्रदेशात हे हंस वीण घालतात, म्हणून यांना 'टुंड्रा बीनगूज' या नावाने ओळखतात. पाणवठ्यालगतच्या असलेल्या पावटा व वाटाणासारख्या पिकांत यांचा वावर असतो. म्हणून बीनहंस हे नाव दिले आहे. हिंदू धर्मात हंसांना मानाचे स्थान आहे. हंस विद्यादेवता सरस्वतीचे वाहन आहे. हंसाची हत्या करणे म्हणजे माता-पिता, देवता व गुरूची हत्या करणे असे समजले जाते. पाणी व दूध अलग करणारा हा पक्षी आहे म्हणून आख्यायिका सांगितली जाते. दुर्मीळ हंस उजनीवर पहिल्यांदा आल्याने पक्षी निरीक्षक व निसर्गप्रेमी या ठिकाणी गर्दी करत आहेत. त्याचे छायाचित्र टिपताना व निरीक्षण करताना पर्यटकांनी भरकटत आलेल्या या हंस पक्ष्याला असह्य होईल असे वर्तन करू नये, असे आवाहन पक्षी अभ्यासकांनी केले आहे.

"उत्तर युरोपातील ब्रिटन व नॉर्वे या शीत प्रदेशात वीण घालणारे हे हंस रशिया जवळच्या मंगोलिया, सायबेरिया व युरेशिया व उत्तर एशियातील चीनपर्यंत दरवर्षी स्थलांतर करून येत असतात. हे पक्षी भारतात तसे येणे दुर्मीळच. मंगोलिया व सायबेरिया येथे मूळ वास्तव्याला असणारे पट्टकदंब हंस, चक्रवाक, धोबी, पाणटिवळे इत्यादी दरवर्षी हिवाळ्यात उजनी परिसरात स्थलांतर करून येतात. भारतात येणाऱ्या या हिवाळी स्थलांतरितांसोबत हा बीनहंस भरकटत आला असावा.

आश्रमशाळेतील ३० जणांना करोनाची लागण

लोकसत्ता प्रतिनिधी

ठाणे : भिवंडी येथील चिंबीपाडा आश्रमशाळेतील तीस जणांना करोनाची लागण झाल्याची माहिती समोर आली आहे. करोनाची लागण झालेल्यांमध्ये २३ मुली, ५ मुले आणि दोन कर्मचाऱ्यांचा समावेश आहे. लागण झालेल्या सर्व विद्यार्थी आणि कर्मचाऱ्यांवर जिल्हा शासकीय रुग्णालयात उपचार सुरू आहे. चिंबीपाडा येथे पहिली ते दहावीपर्यंतच्या विद्यार्थ्यांची आश्रमशाळा आहे. या आश्रमशाळेत शिकणाऱ्या काही विद्यार्थ्यांना सोमवारी ताप आणि सर्दीचा त्रास जाणवू लागला होता. त्यामुळे १९८ विद्यार्थ्यांची चिंबीपाडा येथील प्राथमिक आरोग्य केंद्रात करोना चाचणी करण्यात आली. चाचणी केलेल्या विद्यार्थ्यांपैकी २८ मुलांचे तर दोन कर्मचाऱ्यांचे करोना अहवाल सकारात्मक आले आहेत. या २८ विद्यार्थ्यांमध्ये २३ मुलीं तर ५ मुलांचा समावेश आहे. करोना अहवाल सकारात्मक आलेल्या २८ विद्यार्थ्यांना आणि दोन कर्मचाऱ्यांना जिल्हा शासकीय रुग्णालयात उपचारांसाठी दाखल करण्यात आले आहे.

शाळांना पुन्हा टाळे

पहिली ते नववी, अकरावीचे वर्ग ३१ जानेवारीपर्यंत बंद

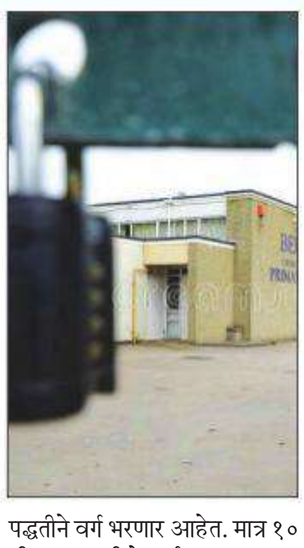

लोकसत्ता प्रतिनिधी

मुंबई : करोनाची दुसरी लाट ओसरल्यानंतर सुमारे दीड वर्षांनी सुरू झालेल्या शाळा पुन्हा बंद कराव्या लागल्या आहेत. मुंबईतील सर्व माध्यमांच्या व सर्व व्यवस्थापनांच्या शाळा व कनिष्ठ महाविद्यालयांतील पहिली ते नववी आणि अकरावीचे वर्ग ३१ जानेवारीपर्यंत बंद ठेवण्याचा निर्णय मुंबई महानगरपालिकेच्या शिक्षण विभागाने घेतला आहे.

पालिका आयुक्त इक्बाल सिंह चहल यांनी तसे आदेश दिले आहेत. करोनाबाधित रुग्णांच्या संख्येत गेल्या दोन आठवड्यांपासून वेगाने वाढ होत आहे. तसेच करोनाचा नवा प्रकार असलेला ओमायक्रॉनचा संसर्गही वाढू लागला आहे. त्यामुळे मुंबईतील उपचाराधीन रुग्णांची संख्याही वाढू लागली आहे. अशा परिस्थितीत हळूहळू निर्बंध कडक केले जात आहेत. त्यातच आता शाळाही बंद करण्याचा निर्णय पालिकेने घेतला आहे. दुसरी लाट ओसरल्यानंतर ४ ऑक्टोबरपासून आठवी ते बारावीचे वर्ग सुरू झाले होते, तर १५ डिसेंबरपासून पहिली ते सातवीचे वर्ग सुरू झाले होते. मात्र आता या शाळांमधील प्रत्यक्ष अध्ययन बंद करण्यात आले असून आभासी

लसीकरण मात्र सुरू

पालिका शाळांमध्ये शिक्षण घेणारे १५ ते १८ वयोगटातील विद्यार्थ्यांचे लसीकरण केंद्रावर होणार आहे. तसेच खासगी शाळांतील १५ ते १८ वयोगटातील विद्यार्थ्यांचे लसीकरण मात्र सुरू राहणार आहे. त्यामुळे लसीकरणासाठी मुलांना शाळेत बोलवण्यास परवानगी देण्यात आली आहे.

पद्धतीने वर्ग भरणार आहेत. मात्र १० वी व १२ वीचे वर्ग सुरू राहणार असल्याचे या पत्रकात म्हटले आहे.

ठाणे जिल्ह्यातही शाळा, महाविद्यालये बंद

केवळ दहावी, बारावीचे वर्ग ऑफलाइन

लोकसत्ता प्रतिनिधी

ठाणे : करोनाच्या वाढत्या संसर्गाच्या पार्श्वभूमीवर मुंबई पाठोपाठ ठाणे जिल्ह्यातही शाळा, महाविद्यालये ४ जानेवारी ते ३१ जानेवारीपर्यंत बंद ठेवण्याचा निर्णय जिल्हा प्रशासनाने सोमावरी सायंकाळी घेतला आहे. जिल्ह्यातील पहिली ते नववी आणि अकरावीचे वर्ग पूर्वीप्रमाणे ऑनलाइन पद्धतीने सुरू राहतील. केवळ दहावी आणि बारावीचे वर्ग ऑफलाइन होतील, असे ठाणे जिल्हाधिकारी राजेश नार्वेकर यांनी सांगितले.

जिल्ह्यात मागील आठवड्यापासून करोनाचा प्रादूर्भाव झपाट्याने वाढत असून जिल्ह्यातील करोनाबाधितांचा आकडा दोन हजारांपर्यंत पोहोचला आहे. करोनाचा संसर्ग रोखण्यासाठी शासन आणि जिल्हा प्रशासन स्तरावर पूर्णपणे प्रयत्न करण्यात येत आहेत. यामध्ये खबरदारीचा उपाय म्हणून ठाणे जिल्ह्यातील महापालिका, नगरपालिका तसेच ग्रामीण क्षेत्रातील पहिली ते नववी आणि अकरावीचे सर्व ऑफलाइन वर्ग आजपासून बंद ठेवण्यात येणार आहेत. हे वर्ग पूर्वीप्रमाणे ऑनलाइन पद्धतीने होतील, तर केवळ दहावी आणि बारावीचे वर्ग ऑफलाइन पद्धतीने सुरू राहणार असल्याची माहिती ठाणे जिल्हाधिकारी राजेश नार्वेकर यांनी दिली. दरम्यान, जे विद्यार्थी १५ ते १८ वयोगटातील आहेत, त्यांनी जवळच्या लसीकरण केंद्रावर जाऊन तातडीने आपले लसीकरण करून घ्यावे, असे आवाहनही नार्वेकर यांनी केले. तिसऱ्या लाटेपासून बचाव करण्यासाठी लसीकरण हे एकमेव अस्त्र असून ज्या नागरिकांनी अद्याप लस घेतली नाही, त्यांनी तात्काळ आपले लसीकरण करुन घ्यावे असेदेखील त्यांनी नागरिकांना आवाहन केले आहे.

मुंबई महापालिकेची नवी नियमावली

वीस टक्क्यांपेक्षा जास्त घरांमधील रहिवासी बाधित झाल्यास इमारत प्रतिबंधित

लोकसत्ता प्रतिनिधी

मुंबई : वाढत्या रुग्णसंख्येच्या पार्श्वभूमीवर मुंबई महानगरपालिकेने इमारती प्रतिबंधित करण्याबाबतच्या नियमावलीत बदल केला आहे. इमारतीतील २० टक्क्यांपेक्षा अधिक घरांमध्ये करोना रुग्ण असल्यास संपूर्ण इमारत प्रतिबंधित करण्यात येणार आहे.

मुंबईत वेगाने रुग्ण वाढत असून ओमायक्रॉन या नवीन विषाणू प्रकाराचे रुग्णही आढळू लागले आहेत. यावेळी संसर्गाचा वेग जास्त असल्यामुळे चिंता वाढली आहे. त्यामुळे पालिका प्रशासनाने इमारत प्रतिबंधित करण्याबाबतच्या नियमात बदल केला आहे. यानुसार एखाद्या इमारतीत, संकुलात किंवा गृहनिर्माण संस्थेत जेवढी घरे आहेत त्यापैकी २० टक्के घरांमध्ये करोनाचे रुग्ण असतील तर ती इमारत प्रतिबंधित केली जाणार आहे. अशा इमारतीतील रुग्ण व त्यांच्या निकट संपर्कातील रहिवाशांसाठीही नियम घालून देण्यात आले आहेत. रुग्णांनी गृह विलगीकरणाचे नियम कटाक्षाने पाळावे, असे आदेश पालिकेने दिले आहेत.

नियमावली काय?

- किमान दहा दिवस रुग्णाला वेगळे अलगीकरणात ठेवावे, तर निकट संपर्कातील लोकांनी सात दिवस गृह विलगीकरणात राहावे. पाचव्या किंवा सातव्या दिवशी त्यांच्या चाचण्या कराव्यात.
- गृह विलगीकरणातील रुग्णांच्या कुटुंबाला अत्यावश्यक वस्तू, औषधांचा पुरवठा होईल याची काळजी इमारतीतील व्यवस्थापनाने घ्यावी.
- पालिकेच्या विभाग कार्यालयातील वैद्यकीय अधिकाऱ्यांना रहिवाशांनी सहकार्य करावे.
- इमारतीतील निर्बंध हटवण्याचा निर्णय विभाग कार्यालय स्तरावर घेतला जावा.

८,०८२ नवे करोनाबाधित

लोकसत्ता प्रतिनिधी

मुंबई : सोमवारी मुंबईत ८ हजार ८२ करोनाबाधित आढळले. त्यापैकी ७ हजार २७३ जणांना लक्षणे आढळली नाहीत. बाधितांची एकूण संख्या ८ लाख ७ हजार ६०२ झाली आहे. सोमवारी ५७४ जणांना रुग्णालयात दाखल करण्यात आले. या दिवशी ६२२ रूग्ण बरे झाले. बरे झालेल्या रुग्णांची एकूण संख्या ७ लाख ५१ हजार ३५८ झाली आहे. मुंबईत सध्या ३७ हजार २७४ रुग्ण उपचाराधीन आहेत.

सोमवारी एक महिला व एका पुरुष रुग्णाचा मृत्यू झाला. दोघांचेही वय ६० वर्षांवर होते व त्यांना दीर्घकालीन आजार होते. मृतांची एकूण संख्या १६ हजार ३७९ झाली आहे. सोमवारी मुंबईत ४९ हजार २८३ चाचण्या करण्यात आल्या. आतापर्यंत १ कोटी ३८ लाख १४ हजार ९३३ चाचण्या करण्यात आल्या आहेत. बरे झालेल्या रुग्णांचा दर ९३ टक्के आहे. २७ डिसेंबर २०२१ ते २ जानेवारी २०२२ या कालावधीत रुग्णवाढीचा दर ०.५० टक्के होता. रुग्ण दुपटीचा कालावधी १३८ दिवसांवर आला आहे. ११ चाळी, ३१८ इमारती प्रतिबंधित आहेत.

ठाणे पालिका आयुक्त डॉ. विपीन शर्मा यांना करोना

लोकसत्ता प्रतिनिधी

ठाणे : ठाणे महापालिका आयुक्त डॉ. विपीन शर्मा यांना करोनाची लागण झाल्याचे स्पष्ट झाले आहे. त्यांची प्रकृती स्थिर असल्याची माहिती महापालिकेच्या वतीने देण्यात आली.

आयुक्त डॉ. विपीन शर्मा यांची रविवारी करोना चाचणी करण्यात आली होती. त्यावेळी त्यांचा करोना चाचणीचा अहवाल सकारात्मक आला. त्यांच्यावर घरीच उपचार सुरू असून त्यांची प्रकृती स्थिर असल्याची माहिती महापालिकेच्या वतीने देण्यात आली. शर्मा हे करोनाच्या दुसऱ्या लाटेमध्येही करोनाबाधित झाले होते.

जिल्ह्यात १,८३० नवे रुग्ण

लोकसत्ता प्रतिनिधी

ठाणे : ठाणे जिल्ह्यात सोमवारी १ हजार ८३० करोना रुग्ण आढळून आले. तर, एकाही रुग्णाच्या मृत्यूची नोंद झालेली नाही.

जिल्ह्यातील १ हजार ८३० करोना रुग्णांपैकी ठाणे ६९८, नवी मुंबई ४९१, मिरा-भाईंदर २७८, कल्याण-डोंबिवली २०५, ठाणे ग्रामीण ४६, अंबरनाथ ३८, उल्हासनगर ३७, बदलापूर २५ आणि भिवंडीमध्ये १२ रुग्ण आढळून आले, अशी माहिती जिल्हा प्रशासनाने दिली.

वर्धक मात्रेसाठी धोरण निश्चित करण्याच्या आदेशाची मागणी

याचिकेवर तातडीने सुनावणी घेण्यास उच्च न्यायालयाचा नकार; नियमित खंडपीठासमोर सादर करण्याची सूचना

लोकसत्ता प्रतिनिधी

मुंबई : वाढत्या रुग्णसंख्येच्या पार्श्वभूमीवर करोनावरील वर्धक मात्रेसाठी धोरण आखण्याचे आदेश केंद्र सरकार, राज्य सरकार आणि पालिकेला द्यावेत या मागणीसाठी दोन वकिलांनी केलेल्या जनहित याचिकेवर उच्च न्यायालयाने सोमवारी तातडीने सुनावणी घेण्यास नकार दिला.

नियमित खंडपीठासमोर याचिका सादर करण्याची सूचनाही न्यायालयाने यावेळी याचिकाकर्त्यांना केली. त्यामुळे मुख्य न्यायमूर्ती दीपंकर दत्ता यांच्या अध्यक्षतेखालील खंडपीठासमोर पुढील सोमवारी या याचिकेवर सुनावणी होईल. याचिकाकर्त्यांनी न्यायमूर्ती अमजद सय्यद आणि न्यायमूर्ती अभय अहुजा यांच्या खंडपीठासमोर सादर केली. तसेच त्यावर तातडीने सुनावणी घेण्याची मागणी केली. मात्र ही याचिका मुख्य न्यायमूर्तींच्या

अध्यक्षतेखालील खंडपीठासमोर सादर करा, असे सांगून न्यायालयाने त्यावर तातडीने सुनावणी घेण्यास नकार दिला.

करोनापासून नागरिकांचे रक्षण करण्याकरिता केंद्र सरकारने लसीकरण मोहीम राबवली. तसेच सगळ्या नागरिकांना दोन्ही लसमात्रा मिळतील असे निश्चित केले. परंतु ओमायक्रॉनमुळे देशात पुन्हा एकदा करोना रुग्णसंख्या झपाट्याने वाढत असून येऊ घातलेली करोनाची तिसरी लाट थोपवण्यासाठी वर्धक मात्रेची आवश्यकता आहे. ओमायक्रॉनच्या पार्श्वभूमीवर केंद्र सरकारने अलीकडेच १० जानेवारीपासून आरोग्य आणि अत्यावश्यक सेवेतील कर्मचाऱ्यांसाठी तसेच ६० वर्षांवरील व अन्य आजार असलेल्या नागरिकांसाठी वर्धक मात्रा देण्यात येणार असल्याची घोषणा केली. त्यासाठीची योजना मात्र आखण्यात आलेली नाही. शिवाय सहा महिन्यांपूर्वी लस घेतलेल्या नागिरकांसाठीही वर्धक मात्रेबाबत धोरण आखण्याची मागणी याचिकेत करण्यात आली आहे. वर्धक मात्रेमुळे करोना संसर्गाची तीव्रता कमी होईल तसेच करोना रुग्णांना रुग्णालयात दाखल करण्याची गरजही कमी भासेल, असेही याचिकाकर्त्यांनी म्हटले आहे.

एमपीएससी परीक्षा २३, २९ आणि ३० जानेवारीला

लोकसत्ता प्रतिनिधी

पुणे : महाराष्ट्र लोकसेवा आयोगातर्फे (एमपीएससी) विविध परीक्षांचे सुधारित वेळापत्रक जाहीर करण्यात आले आहे. त्यानुसार २३ जानेवारीला राज्यसेवा पूर्व परीक्षा २०२१, २९ जानेवारीला महाराष्ट्र दुय्यम सेवा मुख्य परीक्षा २०२० संयुक्त पेपर एक, तर ३० जानेवारीला महाराष्ट्र दुय्यम सेवा मुख्य परीक्षा २०२० पेपर दोन पोलीस उपनिरीक्षक परीक्षा होणार आहे.

'एमपीएससी'ने परिपत्रकाद्वारे ही माहिती दिली. वयोमर्यादा ओलांडलेल्या उमेदवारांना शासनाच्या निर्णयानुसार परीक्षेची संधी देण्याच्या अनुषंगाने 'एमपीएससी'ने २ जानेवारीला होणारी राज्यसेवा परीक्षा पुढे ढकलली होती. महाराष्ट्र दुय्यम सेवा मुख्य परीक्षा २०२० संयुक्त पेपर एक आणि पेपर दोन या परीक्षा अनुक्रमे २२ आणि २९ जानेवारीला होणार होत्या. परीक्षा पुढे ढकलण्यात आल्याने उमेदवारांमध्ये नाराजी होती.

विषाणूजन्य आजाराच्या कोणत्याही लक्षणांबाबत दुर्लक्ष न करण्याचे तज्ज्ञांचे आवाहन

लोकसत्ता प्रतिनिधी

पुणे : ओमायक्रॉन या करोना उत्परिवर्तनाच्या प्रसाराचा वेग प्रचंड असल्याने सध्या करोना रुग्णसंख्येत दैनंदिन मोठी वाढ होताना दिसत आहे. या आजाराचे बहुसंख्य रुग्ण लक्षणविरहित किंवा सौम्य लक्षणे असलेले आहेत. त्या पार्श्वभूमीवर साध्या विषाणूजन्य आजाराच्या लक्षणांकडेही अजिबात दुर्लक्ष न करण्याचे आवाहन तज्ज्ञांकडून करण्यात येत आहे.

रविवारपर्यंत पुणे जिल्ह्यातील १०८ रुग्णांना ओमायक्रॉनच्या संसर्गाचे निदान झाले आहे. त्यांतील बहुसंख्य रुग्ण परदेश प्रवास न केलेले किंवा प्रवाशांच्या संपर्कातही न आलेले आहेत. त्यामुळे शहरात ओमायक्रॉनचा समूह संसर्ग सुरू झाल्याचा निष्कर्ष काढण्यात आला आहे. येत्या काही दिवसांमध्ये देशात लाखो नवे रुग्ण आढळण्याची शक्यताही वर्तवण्यात आली आहे.

राज्याचे करोनाविषयक तांत्रिक सल्लागार डॉ. सुभाष साळुंखे म्हणाले, करोना संसर्गाच्या सुरुवातीला असलेले आव्हान आता पुन्हा समोर उभे आहे. अचानक वाढीस लागलेल्या रुग्णसंख्येचे कारण ओमायक्रॉनचा समूह संसर्ग हेच असण्याची शक्यता प्रकर्षाने दिसत आहे. निदान झालेले रुग्ण प्रामुख्याने लक्षणेविरहित आहेत. त्यामुळे आजार सहव्याधीग्रस्त रुग्णांमध्ये पसरण्याची शक्यता आणि धोका अधिक आहे. त्यामुळे दुसऱ्या लाटेचा वेग ओसरल्यानंतर विस्मरणात गेलेले करोना प्रतिबंधक वर्तन पुन्हा गांभीर्याने अमलात आणणे आवश्यक आहे. मुखपट्टीचा वापर, गर्दी टाळणे, अनावश्क घराबाहेर न पडणे या बाबी अत्यंत महत्त्वाच्या आहेत. तसेच, विषाणूजन्य आजाराची सौम्य स्वरुपाची लक्षणे असलेल्या व्यक्तींनी त्याकडे दुर्लक्ष करणे गाफिलपणाचे ठरणार आहे. त्यामुळे लक्षणे आढळल्यास विलगीकरण करणे, कुटुंबीयांमध्येही संसर्गाचे संक्रमण होणार नाही याबाबत खबरदारी घेणे गरजेचे आहे. फॅमिली डॉक्टरांच्या संपर्कात राहून घरच्या घरी उपचार घ्या आणि लक्षणे वाढल्यास किंवा बदलल्यास डॉक्टरांच्या सल्ल्याने रुग्णालयात दाखल व्हा, असे आवाहनही डॉ. साळुंखे यांनी केले.

वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ

१२ वाघ नेमके गेले कुठे? दोन संस्थांच्या नोंदीत तफावत

लोकसत्ता खास प्रतिनिधी

नागपूर : राष्ट्रीय व्याघ्र संवर्धन प्राधिकरणाच्या संकेतस्थळावरील वाघांच्या मृत्यूची नोंद आणि गेल्या अनेक वर्षांपासून ही नोंद घेणाऱ्या 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेने केलेली वाघांच्या मृत्यूची नोंद यात तब्बल १२ मृत्यूंची तफावत आढळून आली आहे. त्यामुळे हे १२ वाघ नेमके गेले कुठे, असा प्रश्न वन्यजीव अभ्यासकांनी उपस्थित केला आहे.

दरम्यान यावर्षी वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ झाली असून मध्यभारतातील लँडस्केपमध्ये (महाराष्ट्र, मध्यप्रदेश, छत्तीसगड) सर्वाधिक ५४ टक्के वाघ मरण पावले आहेत. राष्ट्रीय व्याघ्रसंवर्धन प्राधिकरणाच्या अहवालात १२७ वाघ तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेच्या अहवालात १३९ वाघ मृत्युमुखी पडल्याची नोंद आहे. प्राधिकरणाच्या आकडेवारीनुसार २०२१च्या पहिल्या सहा महिन्यांत (जानेवारी ते जून २०२१) ७७ वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेच्या अहवालानुसार ८६ वाघ मृत्युमुखी पडले आहेत. प्राधिकरणाच्या अहवालात शेवटच्या सहा महिन्यात (जुलै ते ऑक्टोबर २०२१) ५० वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेच्या अहवालात १३ वाघ मृत्युमुखी पडले आहेत. प्रत्यक्षात त्याहून अधिक वाघ मृत्युमुखी पडल्याचा अंदाज वन्यजीव अभ्यासकांनी व्यक्त केला होता. 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' या संस्थेने रविवारी त्यांचा अहवाल जाहीर केल्यानंतर हा अंदाज खरा ठरला आहे. २५ ऑगस्ट आणि २१ डिसेंबरला मृत वाघांचे अवयव जप्त करण्यात आले. प्राधिकरणाने ते मृत्यूच्या श्रेणीत नमूद केले आहे.

'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेनेदेखील त्याची मृत्यू म्हणून नोंद केली आहे. याव्यतिरिक्त संस्थेच्या अहवालात कोणत्याही अवयव जप्तीचा उल्लेख नाही. प्राधिकरणाच्या अहवालात मात्र नऊ वाघांच्या अवयव जप्तीचा उल्लेख आहे. संस्थेचे सदस्य, वनविभागाचे अधिकारी, वृत्तपत्रातील अहवाल, विविध वनक्षेत्रातील स्थानिकांकडून मिळालेल्या माहितीच्या आधारे संस्थेने हा अहवाल तयार केला आहे.

"रेषीय विकास प्रकल्प तसेच जंगलतोड यामुळे वाघांचा अधिवास कमी होत आहे. परिणामी, अधिवास, अस्तित्वासाठी आपापसात वाघांच्या लढाया होत आहेत. यातून होणारे मृत्यू नैसर्गिक मृत्यूमध्ये मोडले जात असले तरीही माणसाने ही परिस्थिती निर्माण केली आहे, हे नाकारून चालणार नाही. याचबरोबर शिकार, वीजप्रवाह, रस्ते अपघात यामुळे वाघांच्या मृत्यूंची संख्या वाढत आहे. - सरोश लोधी, संस्थापक, 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ'

व्याघ्र संरक्षणासाठी सर्व विभागांनी समन्वयाने काम करावे

मुख्यमंत्री उद्धव ठाकरे यांचे अधिकाऱ्यांना आदेश

लोकसत्ता विशेष प्रतिनिधी

मुंबई : राज्यात व्याघ्र संरक्षणासाठी महावितरण, पोलीस, महसूल तसेच वन विभागांसह सर्व संबंधित विभागांनी एकत्र येऊन समन्वयाने काम करावे तसेच जिल्हास्तरावर पोलीस अधीक्षक यांच्या अध्यक्षतेखाली स्थापन करण्यात आलेल्या व्याघ्र कक्षाच्या बैठका नियमित घेण्याचे आदेश मुख्यमंत्री उद्धव ठाकरे यांनी सोमवारी दिले.

वन विभागाच्या आढावा बैठकीत मुख्यमंत्री बोलत होते. दुरचित्रसंवादाच्या माध्यमातून झालेल्या या बैठकीस पर्यावरण मंत्री आदित्य ठाकरे, मुख्यसचिव देबाशिष चक्रवर्ती, पोलीस महासंचालक संजय पांडे, प्रधान मुख्य वनसंरक्षक (वनबल प्रमुख) जीतसिंह, प्रधान मुख्य वनसंरक्षक (वन्यजीव) सुनील लिमये यांच्यासह इतर वरिष्ठ अधिकारी उपस्थित होते.

राज्य वन्यजीव मंडळाच्या १६ व्या बैठकीत जाहीर करण्यात आलेल्या १० पैकी ८ संवर्धन राखीव क्षेत्राची अधिसूचना जारी करण्यात आल्याची माहिती देण्यात आली. उर्वरित दोन संवर्धन राखीव क्षेत्र अधिसुचित करण्याची कार्यवाही सुरू असल्याची माहिती प्रारंभी देण्यात आली. राज्यात एकूण ७१ संरक्षित क्षेत्रे अधिसूचित करण्यात आली आहेत. यात सहा व्याघ्र प्रकल्प आहेत. राष्ट्रीय व्याघ्र संवर्धन प्राधिकरण व भारतीय वन्यजीव संस्थेने केलेल्या गणनेत राज्यात ३१२ वाघांची संख्या असल्याचे दिसते. फक्त चंद्रपूर जिल्ह्यात २०० वाघ आढळून येत असल्याने तिथे मानव वन्यजीव संघर्षाच्या घटना वारंवार घडताना दिसतात. त्यावर उपाययोजना करण्यासाठी विशेष अभ्यासगटाने दिलेल्या शिफारसी राज्य वन्यजीव मंडळाच्या बैठकीत मान्य केल्या असून त्यावर कार्यवाही सुरू असल्याची माहिती देण्यात आली. चार व्याघ्र प्रकल्पात विशेष व्याघ्र संरक्षण दल स्थापन करण्यात आले आहे. सर्व व्याघ्र प्रकल्प क्षेत्रात अतिसंवदेनशील क्षेत्रात बिनतारी संदेश यंत्रणा कार्यान्वित करण्यात आली आहे. विद्युत प्रवाहामुळे वाघ व अन्य वन्यजीवांचा मृत्यू होऊ नये म्हणून वन विभाग व महावितरण यांच्या संयुक्त विद्यमाने संयुक्त गस्त घालण्यात येत असल्याची माहिती यावेळी देण्यात आली. त्यावर राज्यात वाघांची संख्या आणि जागेचे प्रमाण व्यस्त असल्याने तात्पुरत्या उपाययोजना न करता कोणत्या कायमस्वरूपी उपाययोजना हाती घेता येतील याचा प्राधान्याने विचार करावा, असे मुख्यमंत्र्यांनी सांगितले.

भविष्यकालीन व्यवस्थापनाचे नियोजन

वन व्यवस्थापन करतांना वाघांची वाढणारी संख्या लक्षात घेऊन त्याच्या भविष्यकालीन व्यवस्थापनाचे नियोजन करण्यात यावे. ज्या ठिकाणी वन्यजीवांचे अपघात होतात अशी क्षेत्रे निश्चित करून तिथे आवश्यक त्या पर्यायी उपाययोजना कराव्यात. जंगलात विकासकामे विशेषत: रेल्वे लाईनचे नियोजन करतांना राज्याच्या वन विभागाशी चर्चा करून नियोजन करण्याच्या सूचनाही त्यांनी यावेळी केल्या.

क्रांतिज्योती सावित्रीबाई देशातील स्त्रीशिक्षणाच्या जननी

अजित पवार यांचे अभिवादन

क्रांतीज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त उपमुख्यमंत्री अजित पवार यांच्याकडून सोमवारी नायगाव येथे त्यांच्या पुतळ्यास अभिवादन करण्यात आले. या वेळी खासदार श्रीनिवास पाटील, आमदार मकरंद पाटील आदी

लोकसत्ता वार्ताहर

वाई : क्रांतिज्योती सावित्रीबाई खऱ्या अर्थानं देशातील स्त्रीशिक्षणाच्या जननी आहेत. सावित्रीबाईंनी स्त्रीसक्षमीकरणासाठी काम केलं. महिलांवरील अन्यायाविरुद्ध लढा दिला. त्या सत्यशोधक विचारांच्या क्रांतिकारी समाजसुधारक होत्या. देश व देशातील स्त्रीशक्ती क्रांतिज्योती सावित्रीबाईंच्या कार्याबद्दल कृतज्ञ आहे, अशा शब्दात उपमुख्यमंत्री अजित पवार यांनी क्रांतिज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त त्यांच्या नायगाव या जन्मगावी जाऊन अभिवादन केले. सावित्रीबाईंचे जन्मगाव नायगावच्या विकासासाठी निधी कमी पडू दिला जाणार नाही, असे आश्वासनही उपमुख्यमंत्र्यांनी या वेळी दिले.

नायगाव येथे आयोजित कार्यक्रमाला उपमुख्यमंत्री अजित पवार यांच्यासह पालकमंत्री बाळासाहेब पाटील, खासदार श्रीनिवास पाटील, आमदार शशिकांत शिंदे, मकरंद पाटील, दीपक चव्हाण, जिल्हा परिषदेचे अध्यक्ष उदय कबुले, उपाध्यक्ष प्रदीप विधाते, जिल्हाधिकारी शेखर सिंह, पोलीस अधीक्षक अजयकुमार बन्सल, अतिरिक्त मुख्य कार्यकारी अधिकारी महादेव घुले, प्रांतधिकारी राजेंद्र जाधव, तहसीलदार दशरथ काळे, नायगावाच्या सरपंच पूनम नेवसे आदि उपस्थित होते.

क्रांतिज्योती सावित्रीबाई यांचा जन्मदिन राज्य शासनातर्फे ह्यमहिला शिक्षण दिनह्ण म्हणून विविध उपक्रमांद्वारे साजरा केला जातो. राज्यातील जनतेला 'महिला शिक्षण दिनाह्णच्याही उपमुख्यमंत्र्यांनी शुभेच्छा दिल्या आहेत.

क्रांतिज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त अभिवादन करताना पवार म्हणाले, की क्रांतिसूर्य महात्मा जोतिबा फुले यांना त्यांच्या प्रत्येक कार्यात सावित्रीबाईंची समर्थ साथ लाभली. देशात स्त्रियांची पहिली शाळा महात्मा फुले यांनी सुरू केली आणि त्या शाळेत पहिली स्त्री शिक्षिका होण्याची जबाबदारी सावित्रीबाईंनी उचलली. स्त्रियांच्या शिक्षणासाठी या दोघांनी केलेलं कार्य व घेतलेले कष्ट सदैव स्मरणात राहतील. देशातील स्त्रीशक्ती आज सर्व क्षेत्रात पुरुषांच्या खांद्याला खांदा लावून योगदान देत आहे. स्वातंत्र्याचा अनुभव घेत आहे, याचं श्रेय क्रांतिज्योती सावित्रीबाईंनी त्याकाळात घेतलेले कष्ट व सहन केलेल्या हालअपेष्टांना आहे.

उजनी जलाशयात दुर्मीळ बीनहंस पक्ष्यांचे प्रथमच आगमन

लोकसत्ता प्रतिनिधी

सोलापूर : स्थलांतरित पक्ष्यांसाठी नंदनवन ठरलेल्या उजनी जलाशयावर यावर्षी युरोपातून हिवाळी पाहुणा पक्षी म्हणून 'बीनहंस' पहिल्यांदाच येऊन दाखल झाला आहे. अकलूज येथील पक्षी निरीक्षक ऋतुराज कुंभार व दिग्विजय देशमुख या वन्यजीव छायाचित्रकारांनी नुकतेच आपल्या कॅमेऱ्यात बीनहंसाची छबी कैद केली आहे. हंस गणातील कलहंस हे यापूर्वी या ठिकाणी अनेक वेळा आल्याची नोंद आहे. मात्र बीन हंस पक्षी, उजनी धरण निर्मितीनंतर पहिल्यांदाच आला आहे. तो सध्या भिगवणच्या जवळपास पसरलेल्या विस्तीर्ण पाणफुगवट्यावरील उथळ पाण्याच्या ठिकाणी पट्टकदंब हंसांच्या थव्यात विहार करताना दिसतो.

दरवर्षी हिवाळ्यात रशियाजवळच्या युरेशिया, सायबेरिया, मंगोलिया येथून पट्टकदंब हंस, चक्रवाक बदक, पाणटिवळे, धोबी व अन्य स्थलांतरित पक्षी हिमालयाची हिमशिखरे ओलांडून भारतीय उपखंडात येऊन दाखल होतात. पुढे तीन-चार महिने विविध राज्यांतील जलस्थानांवर वास्तव्य करून पुन्हा आपल्या मूळ प्रदेशाकडे निघून जातात. या पक्ष्यांच्या संगतीने युरोपातील ब्रिटन, नॉर्वे, कॅनडा येथील बर्फाच्छादित प्रदेशातील काही टुन्ड्रा व टायगा हंसपक्षी भरकटत भारतात येतात. त्यातलाच हा प्रकार म्हणजे या वेळी उजनीवर बीन हंस येऊन दाखल झालेला आहे.

इंग्रजीत 'बीनगूज' म्हणून ओळखला जाणारा हा हंसपक्षी स्थानिक बदकांपेक्षा आकाराने मोठा आहे. त्याचे डोके गोलाकार आहे. चोच जड व गडद तपकिरी रंगाची असून त्यावर मध्यभागी नारंगी डाग दिसून येतो. त्याचे पाय नारंगी रंगाचे असून पायांची बोटे पातळ पापुर्द्यांनी जोडलेली असतात. पंख गडद तपकिरी पिसांचे असतात. हा हंसपक्षी पूर्णपणे शाकाहारी असून तो पाणवनस्पतीचे खोड व पाणथळ जवळच्या पिकांची पाने, बिया या खाद्यांवर गुजराण करतो. सुमारे पंचवीस वर्षे आयुर्मान लाभलेला हा हंस सामान्यपणे अडीच ते तीन किलो वजनाचा असतो. उजनीवर कधीकधी भरकटत येणाऱ्या कलहंस व बीनहंस यामध्ये बरेच साम्य असते.

युरोपातील नॉर्वे व ब्रिटनपासून रशियाच्या युरेशिया भागातील टुंड्रा व टायगा प्रदेशात हे हंस वीण घालतात, म्हणून यांना 'टुंड्रा बीनगूज' या नावाने ओळखतात. पाणवठ्यालगतच्या असलेल्या पावटा व वाटाणासारख्या पिकांत यांचा वावर असतो. म्हणून बीनहंस हे नाव दिले आहे. हिंदू धर्मात हंसांना मानाचे स्थान आहे. हंस विद्यादेवता सरस्वतीचे वाहन आहे. हंसाची हत्या करणे म्हणजे माता-पिता, देवता व गुरूची हत्या करणे असे समजले जाते. पाणी व दूध अलग करणारा हा पक्षी आहे म्हणून आख्यायिका सांगितली जाते. दुर्मीळ हंस उजनीवर पहिल्यांदा आल्याने पक्षी निरीक्षक व निसर्गप्रेमी या ठिकाणी गर्दी करत आहेत. त्याचे छायाचित्र टिपताना व निरीक्षण करताना पर्यटकांनी भरकटत आलेल्या या हंस पक्ष्याला असह्य होईल असे वर्तन करू नये, असे आवाहन पक्षी अभ्यासकांनी केले आहे.

"उत्तर युरोपातील ब्रिटन व नॉर्वे या शीत प्रदेशात वीण घालणारे हे हंस रशिया जवळच्या मंगोलिया, सायबेरिया व युरेशिया व उत्तर एशियातील चीनपर्यंत दरवर्षी स्थलांतर करून येत असतात. हे पक्षी भारतात तसे येणे दुर्मीळच. मंगोलिया व सायबेरिया येथे मूळ वास्तव्याला असणारे पट्टकदंब हंस, चक्रवाक, धोबी, पाणटिवळे इत्यादी दरवर्षी हिवाळ्यात उजनी परिसरात स्थलांतर करून येतात. भारतात येणाऱ्या या हिवाळी स्थलांतरितांसोबत हा बीनहंस भरकटत आला असावा.

सावित्रीबाईंच्या कार्याची महती जगाच्या कानाकोपऱ्यात पोहोचावी- भुजबळ

कराड : ज्ञानज्योती सावित्रीबाई फुले यांच्या कार्याची महती केवळ स्थानिक पातळीवर मर्यादित न राहता ती देशभर आणि जगाच्या कानाकोपऱ्यात पोहोचली पाहिजे, असे आवाहन करताना सावित्रीबाईंच्या नायगाव या जन्मगावचा विकास करण्यासाठी राज्य शासन कटिबद्ध असल्याची ग्वाही राज्याचे नागरी अन्न पुरवठामंत्री छगन भुजबळ यांनी दिली. सावित्रीबाई फुले जयंती निमित्ताने नायगाव येथे आयोजित कार्यक्रमात ते बोलत होते.

बाधितांची संख्या वाढल्यास कठोर निर्णय - अजित पवार

लोकसत्ता वार्ताहर

वाई: करोना रुग्णांची संख्या अशीच वाढायला लागल्यास मुख्यमंत्र्यांना कठोर निर्णय घ्यावा लागेल. त्या वेळी ठरेल त्याप्रमाणे राज्यभर त्याची अंमलबजावणी केली जाईल, असे उपमुख्यमंत्री अजित पवार यांनी साताऱ्यातील पत्रकार परिषदेत सांगितले.

राज्यात करोना बाधितांची संख्या वाढत आहे. त्यामुळे मुंबई महापालिकेसह राज्यातील महापालिका, पालिका, जिल्हास्तरावर याबाबत निर्बंध घातले जात आहेत. राज्यात आमदार आणि मंत्रीदेखील करोना बाधित झाल्याने सरकारची चिंता वाढली आहे. त्यामुळे ही संख्या अशीच वाढायला लागल्यास आपल्यालाही कठोर निर्णय घ्यावे लागतील. राज्यस्तरावर याबाबत विचारविनिमय सुरू झाला आहे. मुख्यमंत्री व मंत्रिमंडळ स्तरावर निर्णय होतील त्याप्रमाणे त्या त्या भागात त्याची अंमलबजावणी करावी लागेल. पश्चिम बंगालमध्ये करोना रुग्ण वाढायला लागल्याने तेथील मुख्यमंत्र्यांनी कठोर निर्णयासह अनेक भागात टाळेबंदी लागू केली आहे. आपल्याकडेही राज्यातील अनेक भागात रात्रीची संचारबंदी लागू केली असल्याची माहिती पवार यांनी दिली.

आरक्षणाशिवाय निवडणुका अशक्य

ओबीसी आरक्षणाशिवाय निवडणुका नकोत, यासाठी निवडणूक आयोगाची भेट घेणार आहे. राज्य शासनाने ओबीसी आरक्षणासाठी 'इंपिरिकल डेटा' जमा करण्यासाठी साडेचारशे कोटी रुपयांची तरतूद केली आहे. ही रक्कम समितीकडे वर्ग केली आहे. हा प्रश्न महाराष्ट्रातच नव्हे तर अनेक राज्यांमध्ये निर्माण झाला आहे त्यामुळे केंद्राने याबाबत निर्णय घेतला पाहिजे, असे ते म्हणाले. याबाबत मुख्यमंत्र्यांसोबत आयोगाची बैठक झाली आहे. ओबीसीना निवडणुकीत त्यांचा हक्क मिळायलाच हवा यासाठी राज्य शासन पूर्ण ताकदीने प्रयत्न आहेत. जर पालिका, महापालिका, पंचायत समिती, जिल्हा परिषदा यांच्या मुदती संपल्या तर त्या ठिकाणी प्रशासक नेमावा लागला तरी चालेल, परंतु ही आकडेवारी उपलब्ध होत नाही तोपर्यंत निवडणुकांबाबत कोणताही निर्णय घेतला जाणार नाही.

यंदा वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ

'ते' १२ वाघ गेले कुठे? ; दोन संस्थांच्या नोंदीत तफावत

लोकसत्ता खास प्रतिनिधी

नागपूर : राष्ट्रीय व्याघ्र संवर्धन प्राधिकरणाच्या संकेतस्थळावरील वाघांच्या मृत्यूची नोंद आणि अनेक वर्षांपासून ही नोंद घेणाऱ्या 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' या संस्थेने केलेली वाघांच्या मृत्यूची नोंद यात तब्बल १२ मृत्यूंची तफावत आढळून आली आहे. त्यामुळे हे १२ वाघ नेमके गेले कुठे, असा प्रश्न वन्यजीव अभ्यासकांनी उपस्थित केला आहे. दरम्यान, यावर्षी वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ झाली असून मध्यभारतातील लँडस्केपमध्ये (महाराष्ट्र, मध्यप्रदेश, छत्तीसगड) सर्वाधिक ५४ टक्के वाघ मरण पावले आहेत.

राष्ट्रीय व्याघ्रसंवर्धन प्राधिकरणाच्या अहवालात १२७ वाघ तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' या संस्थेच्या अहवालात १३९ वाघ मृत्युमुखी पडल्याची नोंद आहे. प्राधिकरणाच्या आकडेवारीनुसार, २०२१च्या पहिल्या सहा महिन्यात (जानेवारी ते जून २०२१) ७७ वाघ, तर संस्थेच्या अहवालानुसार ८६ वाघ मृत्युमुखी पडले आहेत. प्राधिकरणाच्या अहवालात शेवटच्या सहा महिन्यात (जुलै ते ऑक्टोबर २०२१) ५० वाघ, तर संस्थेच्या अहवालात १३ वाघ मृत्युमुखी पडले आहेत. प्रत्यक्षात त्याहून अधिक वाघ मृत्युमुखी पडल्याचा अंदाज वन्यजीव अभ्यासकांनी व्यक्त केला होता. संस्थेने रविवारी त्यांचा अहवाल जाहीर केला. २५ ऑगस्ट आणि २१ डिसेंबरला मृत वाघांचे अवयव जप्त करण्यात आले. प्राधिकरणाने ते मृत्यूच्या श्रेणीत नमूद केले आहे. 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेने देखील त्याची मृत्यू म्हणून नोंद केली आहे. याव्यतिरिक्त संस्थेच्या अहवालात कोणत्याही अवयव जप्तीचा उल्लेख नाही. प्राधिकरणाच्या अहवालात मात्र नऊ वाघांच्या अवयव जप्तीचा उल्लेख आहे.

> "रेषीय विकास प्रकल्प तसेच जंगलतोड यामुळे वाघांचा अधिवास कमी होत आहे. परिणामी, अधिवास, अस्तित्वासाठी आपापसात वाघांच्या लढाया होत आहेत. यातून होणारे मृत्यू नैसर्गिक मृत्यूमध्ये मोडले जात असले तरीही माणसाने ही परिस्थिती निर्माण केली आहे, हे नाकारून चालणार नाही. याचबरोबर शिकार, वीजप्रवाह, रस्ते अपघात यामुळे वाघांच्या मृत्यूंची संख्या वाढत आहे.

वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ

१२ वाघ नेमके गेले कुठे? दोन संस्थांच्या नोंदीत तफावत

लोकसत्ता खास प्रतिनिधी

नागपूर : राष्ट्रीय व्याघ्र संवर्धन प्राधिकरणाच्या संकेतस्थळावरील वाघांच्या मृत्यूची नोंद आणि गेल्या अनेक वर्षांपासून ही नोंद घेणाऱ्या 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेने केलेली वाघांच्या मृत्यूची नोंद यात तब्बल १२ मृत्यूंची तफावत आढळून आली आहे. त्यामुळे हे १२ वाघ नेमके गेले कुठे, असा प्रश्न वन्यजीव अभ्यासकांनी उपस्थित केला आहे.

दरम्यान यावर्षी वाघांच्या मृत्यूत ३३ टक्क्यांनी वाढ झाली असून मध्यभारतातील लँडस्केपमध्ये (महाराष्ट्र, मध्यप्रदेश, छत्तीसगड) सर्वाधिक ५४ टक्के वाघ मरण पावले आहेत. राष्ट्रीय व्याघ्रसंवर्धन प्राधिकरणाच्या अहवालात १२७ वाघ तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाइफ' या संस्थेच्या अहवालात १३९ वाघ मृत्युमुखी पडल्याची नोंद आहे. प्राधिकरणाच्या आकडेवारीनुसार २०२१च्या पहिल्या सहा महिन्यांत (जानेवारी ते जून २०२१) ७७ वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेच्या अहवालानुसार ८६ वाघ मृत्युमुखी पडले आहेत. प्राधिकरणाच्या अहवालात शेवटच्या सहा महिन्यात (जुलै ते ऑक्टोबर २०२१) ५० वाघ, तर 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेच्या अहवालात १३ वाघ मृत्युमुखी पडले आहेत. प्रत्यक्षात त्याहून अधिक वाघ मृत्युमुखी पडल्याचा अंदाज वन्यजीव अभ्यासकांनी व्यक्त केला होता. 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' या संस्थेने रविवारी त्यांचा अहवाल जाहीर केल्यानंतर हा अंदाज खरा ठरला आहे. २५ ऑगस्ट आणि २१ डिसेंबरला मृत वाघांचे अवयव जप्त करण्यात आले. प्राधिकरणाने ते मृत्यूच्या श्रेणीत नमूद केले आहे.

'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ' संस्थेनेदेखील त्याची मृत्यू म्हणून नोंद केली आहे. याव्यतिरिक्त संस्थेच्या अहवालात कोणत्याही अवयव जप्तीचा उल्लेख नाही. प्राधिकरणाच्या अहवालात मात्र नऊ वाघांच्या अवयव जप्तीचा उल्लेख आहे. संस्थेचे सदस्य, वनविभागाचे अधिकारी, वृत्तपत्रातील अहवाल, विविध वनक्षेत्रातील स्थानिकांकडून मिळालेल्या माहितीच्या आधारे संस्थेने हा अहवाल तयार केला आहे.

"रेषीय विकास प्रकल्प तसेच जंगलतोड यामुळे वाघांचा अधिवास कमी होत आहे. परिणामी, अधिवास, अस्तित्वासाठी आपापसात वाघांच्या लढाया होत आहेत. यातून होणारे मृत्यू नैसर्गिक मृत्यूमध्ये मोडले जात असले तरीही माणसाने ही परिस्थिती निर्माण केली आहे, हे नाकारून चालणार नाही. याचबरोबर शिकार, वीजप्रवाह, रस्ते अपघात यामुळे वाघांच्या मृत्यूंची संख्या वाढत आहे. - सरोश लोधी, संस्थापक, 'क्लॉ-कन्झर्वेशन लेन्सेस अँड वाईल्डलाईफ'

व्याघ्र संरक्षणासाठी सर्व विभागांनी समन्वयाने काम करावे

मुख्यमंत्री उद्धव ठाकरे यांचे अधिकाऱ्यांना आदेश

लोकसत्ता विशेष प्रतिनिधी

मुंबई : राज्यात व्याघ्र संरक्षणासाठी महावितरण, पोलीस, महसूल तसेच वन विभागांसह सर्व संबंधित विभागांनी एकत्र येऊन समन्वयाने काम करावे तसेच जिल्हास्तरावर पोलीस अधीक्षक यांच्या अध्यक्षतेखाली स्थापन करण्यात आलेल्या व्याघ्र कक्षाच्या बैठका नियमित घेण्याचे आदेश मुख्यमंत्री उद्धव ठाकरे यांनी सोमवारी दिले.

वन विभागाच्या आढावा बैठकीत मुख्यमंत्री बोलत होते. दुरचित्रसंवादाच्या माध्यमातून झालेल्या या बैठकीस पर्यावरण मंत्री आदित्य ठाकरे, मुख्यसचिव देबाशिष चक्रवर्ती, पोलीस महासंचालक संजय पांडे, प्रधान मुख्य वनसंरक्षक (वनबल प्रमुख) जीतसिंह, प्रधान मुख्य वनसंरक्षक (वन्यजीव) सुनील लिमये यांच्यासह इतर वरिष्ठ अधिकारी उपस्थित होते.

राज्य वन्यजीव मंडळाच्या १६ व्या बैठकीत जाहीर करण्यात आलेल्या १० पैकी ८ संवर्धन राखीव क्षेत्राची अधिसूचना जारी करण्यात आल्याची माहिती देण्यात आली. उर्वरित दोन संवर्धन राखीव क्षेत्र अधिसुचित करण्याची कार्यवाही सुरू असल्याची माहिती प्रारंभी देण्यात आली. राज्यात एकूण ७१ संरक्षित क्षेत्रे अधिसूचित करण्यात आली आहेत. यात सहा व्याघ्र प्रकल्प आहेत. राष्ट्रीय व्याघ्र संवर्धन प्राधिकरण व भारतीय वन्यजीव संस्थेने केलेल्या गणनेत राज्यात ३१२ वाघांची संख्या असल्याचे दिसते. फक्त चंद्रपूर जिल्ह्यात २०० वाघ आढळून येत असल्याने तिथे मानव वन्यजीव संघर्षाच्या घटना वारंवार घडताना दिसतात. त्यावर उपाययोजना करण्यासाठी विशेष अभ्यासगटाने दिलेल्या शिफारसी राज्य वन्यजीव मंडळाच्या बैठकीत मान्य केल्या असून त्यावर कार्यवाही सुरू असल्याची माहिती देण्यात आली. चार व्याघ्र प्रकल्पात विशेष व्याघ्र संरक्षण दल स्थापन करण्यात आले आहे. सर्व व्याघ्र प्रकल्प क्षेत्रात अतिसंवदेनशील क्षेत्रात बिनतारी संदेश यंत्रणा कार्यान्वित करण्यात आली आहे. विद्युत प्रवाहामुळे वाघ व अन्य वन्यजीवांचा मृत्यू होऊ नये म्हणून वन विभाग व महावितरण यांच्या संयुक्त विद्यमाने संयुक्त गस्त घालण्यात येत असल्याची माहिती यावेळी देण्यात आली. त्यावर राज्यात वाघांची संख्या आणि जागेचे प्रमाण व्यस्त असल्याने तात्पुरत्या उपाययोजना न करता कोणत्या कायमस्वरूपी उपाययोजना हाती घेता येतील याचा प्राधान्याने विचार करावा, असे मुख्यमंत्र्यांनी सांगितले.

भविष्यकालीन व्यवस्थापनाचे नियोजन

वन व्यवस्थापन करतांना वाघांची वाढणारी संख्या लक्षात घेऊन त्याच्या भविष्यकालीन व्यवस्थापनाचे नियोजन करण्यात यावे. ज्या ठिकाणी वन्यजीवांचे अपघात होतात अशी क्षेत्रे निश्चित करून तिथे आवश्यक त्या पर्यायी उपाययोजना कराव्यात. जंगलात विकासकामे विशेषत: रेल्वे लाईनचे नियोजन करतांना राज्याच्या वन विभागाशी चर्चा करून नियोजन करण्याच्या सूचनाही त्यांनी यावेळी केल्या.

क्रांतिज्योती सावित्रीबाई देशातील स्त्रीशिक्षणाच्या जननी

अजित पवार यांचे अभिवादन

क्रांतीज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त उपमुख्यमंत्री अजित पवार यांच्याकडून सोमवारी नायगाव येथे त्यांच्या पुतळ्यास अभिवादन करण्यात आले. या वेळी खासदार श्रीनिवास पाटील, आमदार मकरंद पाटील आदी

लोकसत्ता वार्ताहर

वाई : क्रांतिज्योती सावित्रीबाई खऱ्या अर्थानं देशातील स्त्रीशिक्षणाच्या जननी आहेत. सावित्रीबाईंनी स्त्रीसक्षमीकरणासाठी काम केलं. महिलांवरील अन्यायाविरुद्ध लढा दिला. त्या सत्यशोधक विचारांच्या क्रांतिकारी समाजसुधारक होत्या. देश व देशातील स्त्रीशक्ती क्रांतिज्योती सावित्रीबाईंच्या कार्याबद्दल कृतज्ञ आहे, अशा शब्दात उपमुख्यमंत्री अजित पवार यांनी क्रांतिज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त त्यांच्या नायगाव या जन्मगावी जाऊन अभिवादन केले. सावित्रीबाईंचे जन्मगाव नायगावच्या विकासासाठी निधी कमी पडू दिला जाणार नाही, असे आश्वासनही उपमुख्यमंत्र्यांनी या वेळी दिले.

नायगाव येथे आयोजित कार्यक्रमाला उपमुख्यमंत्री अजित पवार यांच्यासह पालकमंत्री बाळासाहेब पाटील, खासदार श्रीनिवास पाटील, आमदार शशिकांत शिंदे, मकरंद पाटील, दीपक चव्हाण, जिल्हा परिषदेचे अध्यक्ष उदय कबुले, उपाध्यक्ष प्रदीप विधाते, जिल्हाधिकारी शेखर सिंह, पोलीस अधीक्षक अजयकुमार बन्सल, अतिरिक्त मुख्य कार्यकारी अधिकारी महादेव घुले, प्रांतधिकारी राजेंद्र जाधव, तहसीलदार दशरथ काळे, नायगावाच्या सरपंच पूनम नेवसे आदि उपस्थित होते.

क्रांतिज्योती सावित्रीबाई यांचा जन्मदिन राज्य शासनातर्फे ह्यमहिला शिक्षण दिनह्ण म्हणून विविध उपक्रमांद्वारे साजरा केला जातो. राज्यातील जनतेला 'महिला शिक्षण दिनाह्णच्याही उपमुख्यमंत्र्यांनी शुभेच्छा दिल्या आहेत.

क्रांतिज्योती सावित्रीबाई फुले यांच्या जयंतीनिमित्त अभिवादन करताना पवार म्हणाले, की क्रांतिसूर्य महात्मा जोतिबा फुले यांना त्यांच्या प्रत्येक कार्यात सावित्रीबाईंची समर्थ साथ लाभली. देशात स्त्रियांची पहिली शाळा महात्मा फुले यांनी सुरू केली आणि त्या शाळेत पहिली स्त्री शिक्षिका होण्याची जबाबदारी सावित्रीबाईंनी उचलली. स्त्रियांच्या शिक्षणासाठी या दोघांनी केलेलं कार्य व घेतलेले कष्ट सदैव स्मरणात राहतील. देशातील स्त्रीशक्ती आज सर्व क्षेत्रात पुरुषांच्या खांद्याला खांदा लावून योगदान देत आहे. स्वातंत्र्याचा अनुभव घेत आहे, याचं श्रेय क्रांतिज्योती सावित्रीबाईंनी त्याकाळात घेतलेले कष्ट व सहन केलेल्या हालअपेष्टांना आहे.

उजनी जलाशयात दुर्मीळ बीनहंस पक्ष्यांचे प्रथमच आगमन

लोकसत्ता प्रतिनिधी

सोलापूर : स्थलांतरित पक्ष्यांसाठी नंदनवन ठरलेल्या उजनी जलाशयावर यावर्षी युरोपातून हिवाळी पाहुणा पक्षी म्हणून 'बीनहंस' पहिल्यांदाच येऊन दाखल झाला आहे. अकलूज येथील पक्षी निरीक्षक ऋतुराज कुंभार व दिग्विजय देशमुख या वन्यजीव छायाचित्रकारांनी नुकतेच आपल्या कॅमेऱ्यात बीनहंसाची छबी कैद केली आहे. हंस गणातील कलहंस हे यापूर्वी या ठिकाणी अनेक वेळा आल्याची नोंद आहे. मात्र बीन हंस पक्षी, उजनी धरण निर्मितीनंतर पहिल्यांदाच आला आहे. तो सध्या भिगवणच्या जवळपास पसरलेल्या विस्तीर्ण पाणफुगवट्यावरील उथळ पाण्याच्या ठिकाणी पट्टकदंब हंसांच्या थव्यात विहार करताना दिसतो.

दरवर्षी हिवाळ्यात रशियाजवळच्या युरेशिया, सायबेरिया, मंगोलिया येथून पट्टकदंब हंस, चक्रवाक बदक, पाणटिवळे, धोबी व अन्य स्थलांतरित पक्षी हिमालयाची हिमशिखरे ओलांडून भारतीय उपखंडात येऊन दाखल होतात. पुढे तीन-चार महिने विविध राज्यांतील जलस्थानांवर वास्तव्य करून पुन्हा आपल्या मूळ प्रदेशाकडे निघून जातात. या पक्ष्यांच्या संगतीने युरोपातील ब्रिटन, नॉर्वे, कॅनडा येथील बर्फाच्छादित प्रदेशातील काही टुन्ड्रा व टायगा हंसपक्षी भरकटत भारतात येतात. त्यातलाच हा प्रकार म्हणजे या वेळी उजनीवर बीन हंस येऊन दाखल झालेला आहे.

इंग्रजीत 'बीनगूज' म्हणून ओळखला जाणारा हा हंसपक्षी स्थानिक बदकांपेक्षा आकाराने मोठा आहे. त्याचे डोके गोलाकार आहे. चोच जड व गडद तपकिरी रंगाची असून त्यावर मध्यभागी नारंगी डाग दिसून येतो. त्याचे पाय नारंगी रंगाचे असून पायांची बोटे पातळ पापुर्द्यांनी जोडलेली असतात. पंख गडद तपकिरी पिसांचे असतात. हा हंसपक्षी पूर्णपणे शाकाहारी असून तो पाणवनस्पतीचे खोड व पाणथळ जवळच्या पिकांची पाने, बिया या खाद्यांवर गुजराण करतो. सुमारे पंचवीस वर्षे आयुर्मान लाभलेला हा हंस सामान्यपणे अडीच ते तीन किलो वजनाचा असतो. उजनीवर कधीकधी भरकटत येणाऱ्या कलहंस व बीनहंस यामध्ये बरेच साम्य असते.

युरोपातील नॉर्वे व ब्रिटनपासून रशियाच्या युरेशिया भागातील टुंड्रा व टायगा प्रदेशात हे हंस वीण घालतात, म्हणून यांना 'टुंड्रा बीनगूज' या नावाने ओळखतात. पाणवठ्यालगतच्या असलेल्या पावटा व वाटाणासारख्या पिकांत यांचा वावर असतो. म्हणून बीनहंस हे नाव दिले आहे. हिंदू धर्मात हंसांना मानाचे स्थान आहे. हंस विद्यादेवता सरस्वतीचे वाहन आहे. हंसाची हत्या करणे म्हणजे माता-पिता, देवता व गुरूची हत्या करणे असे समजले जाते. पाणी व दूध अलग करणारा हा पक्षी आहे म्हणून आख्यायिका सांगितली जाते. दुर्मीळ हंस उजनीवर पहिल्यांदा आल्याने पक्षी निरीक्षक व निसर्गप्रेमी या ठिकाणी गर्दी करत आहेत. त्याचे छायाचित्र टिपताना व निरीक्षण करताना पर्यटकांनी भरकटत आलेल्या या हंस पक्ष्याला असह्य होईल असे वर्तन करू नये, असे आवाहन पक्षी अभ्यासकांनी केले आहे.

"उत्तर युरोपातील ब्रिटन व नॉर्वे या शीत प्रदेशात वीण घालणारे हे हंस रशिया जवळच्या मंगोलिया, सायबेरिया व युरेशिया व उत्तर एशियातील चीनपर्यंत दरवर्षी स्थलांतर करून येत असतात. हे पक्षी भारतात तसे येणे दुर्मीळच. मंगोलिया व सायबेरिया येथे मूळ वास्तव्याला असणारे पट्टकदंब हंस, चक्रवाक, धोबी, पाणटिवळे इत्यादी दरवर्षी हिवाळ्यात उजनी परिसरात स्थलांतर करून येतात. भारतात येणाऱ्या या हिवाळी स्थलांतरितांसोबत हा बीनहंस भरकटत आला असावा.
-डॉ. अरविंद कुंभार, पक्षी अभ्यासक, अकलूज

सावित्रीबाईंच्या कार्याची महती जगाच्या कानाकोपऱ्यात पोहोचावी- भुजबळ

कराड : ज्ञानज्योती सावित्रीबाई फुले यांच्या कार्याची महती केवळ स्थानिक पातळीवर मर्यादित न राहता ती देशभर आणि जगाच्या कानाकोपऱ्यात पोहोचली पाहिजे, असे आवाहन करताना सावित्रीबाईंच्या नायगाव या जन्मगावचा विकास करण्यासाठी राज्य शासन कटिबद्ध असल्याची ग्वाही राज्याचे नागरी अन्न पुरवठामंत्री छगन भुजबळ यांनी दिली. सावित्रीबाई फुले जयंती निमित्ताने नायगाव येथे आयोजित कार्यक्रमात ते बोलत होते.

बाधितांची संख्या वाढल्यास कठोर निर्णय - अजित पवार

लोकसत्ता वार्ताहर

वाई: करोना रुग्णांची संख्या अशीच वाढायला लागल्यास मुख्यमंत्र्यांना कठोर निर्णय घ्यावा लागेल. त्या वेळी ठरेल त्याप्रमाणे राज्यभर त्याची अंमलबजावणी केली जाईल, असे उपमुख्यमंत्री अजित पवार यांनी साताऱ्यातील पत्रकार परिषदेत सांगितले.

राज्यात करोना बाधितांची संख्या वाढत आहे. त्यामुळे मुंबई महापालिकेसह राज्यातील महापालिका, पालिका, जिल्हास्तरावर याबाबत निर्बंध घातले जात आहेत. राज्यात आमदार आणि मंत्रीदेखील करोना बाधित झाल्याने सरकारची चिंता वाढली आहे. त्यामुळे ही संख्या अशीच वाढायला लागल्यास आपल्यालाही कठोर निर्णय घ्यावे लागतील. राज्यस्तरावर याबाबत विचारविनिमय सुरू झाला आहे. मुख्यमंत्री व मंत्रिमंडळ स्तरावर निर्णय होतील त्याप्रमाणे त्या त्या भागात त्याची अंमलबजावणी करावी लागेल. पश्चिम बंगालमध्ये करोना रुग्ण वाढायला लागल्याने तेथील मुख्यमंत्र्यांनी कठोर निर्णयासह अनेक भागात टाळेबंदी लागू केली आहे. आपल्याकडेही राज्यातील अनेक भागात रात्रीची संचारबंदी लागू केली असल्याची माहिती पवार यांनी दिली.

आरक्षणाशिवाय निवडणुका अशक्य

ओबीसी आरक्षणाशिवाय निवडणुका नकोत, यासाठी निवडणूक आयोगाची भेट घेणार आहे. राज्य शासनाने ओबीसी आरक्षणासाठी 'इंपिरिकल डेटा' जमा करण्यासाठी साडेचारशे कोटी रुपयांची तरतूद केली आहे. ही रक्कम समितीकडे वर्ग केली आहे. हा प्रश्न महाराष्ट्रातच नव्हे तर अनेक राज्यांमध्ये निर्माण झाला आहे त्यामुळे केंद्राने याबाबत निर्णय घेतला पाहिजे, असे ते म्हणाले. याबाबत मुख्यमंत्र्यांसोबत आयोगाची बैठक झाली आहे. ओबीसीना निवडणुकीत त्यांचा हक्क मिळायलाच हवा यासाठी राज्य शासन पूर्ण ताकदीने प्रयत्न आहेत. जर पालिका, महापालिका, पंचायत समिती, जिल्हा परिषदा यांच्या मुदती संपल्या तर त्या ठिकाणी प्रशासक नेमावा लागला तरी चालेल, परंतु ही आकडेवारी उपलब्ध होत नाही तोपर्यंत निवडणुकांबाबत कोणताही निर्णय घेतला जाणार नाही.
